FRENCH SAY ITALY PLANS NORTH AFRICA CAMPAIGN

Diver Finds Body Beside Coupe In Waters Of Harbor

Police Report Notes Left By Ronald Cross Indicated Suicide

The body of Ronald Cross, 30, 1140 Fort Street, was taken from the waters of the Inner Harbor this morning when it was found by a diver lying in about 35 feet of water, 10 feet from his up-turned car. The car door was open and the car was in low gear.

Police said Cross was the driver of a Pontiac coupe which was seen proceeding to the C.P.R. dock last night and heard to plunge over the slipway.

Police report their inquiries indicate his act was the result of difficulties which arose in a marital triangle climaxed by a quarrel early yesterday evening.

Notes found in his room and on his person indicated premeditation.

Police were also informed Cross had telephoned James Best, 3419 S Street, at 1 this morning, announcing his intention of committing suicide.

First word received by police of the tragedy was from Fred McDonald, 422 Superior Street, who said he saw the coupe drive on to the docks. Police received this report at 1.15.

CROWD WATCH DIVER

A large crowd this morning watched Jack Denyer, diver of the Victoria Machinery Depot, recover the body. Denyer was called for the job by police after they had located the car following an all night watch at the dock.

The crowd watched for several minutes as the diver walked on the harbor bottom and bubbles traced his course around the car.

The body was taken from the water by the diver's assistants and Constables Alex Nichol and Alex Briggs of the City Police Department. It was lifted to the dock by Inspector J. T. Boulton and Sgt. A. H. Bishop and later removed to Hayward's B.C. Funeral Parlors, where an inquest will be held. The car was dragged out early this afternoon.

Cross was a truck driver with the Morgan Fuel Company. He was married and had five children.

Coroner E. C. Hart announced this afternoon an inquest would be held Saturday morning at 10.

Spain Loyalists Retake Ground

HENDAYE, France, at the Spanish Frontier (AP)—The Spanish government asserted today all positions lost to the insurgents a week ago in their drive toward the Almaden mercury mines in northwestern Cordoba Province had been recaptured.

New Regulations For Small Loans

Commons Banking Committee Invites Provincial Attorneys-Generals to Ottawa

OTTAWA (CP)—Attorneys-Generals of all Canadian provinces will be invited to Ottawa to give information to the House of Commons banking and commerce committee on what is being done toward the regulation of small loan companies and prosecution of money-lenders, whether private or corporation, who make exorbitant charges.

The committee decided this today after it had heard Hon. Charles A. Dunning, Minister of Finance, say: "I don't believe we want to give up this question without an effort to get a nationwide control over this form of business."

The regulation of small loan companies, a question that took most of the committee's time last session, again was first place on its agenda. The question of regulation is confused because of jurisdictional difficulties and

TWO LOSE LIVES IN HOUSE FIRE

Girl Perishes in Madawaska, Me., After Awakening Sleeping Roomers

MADAWASKA, Me. (AP)—A 23-year-old heroine perished and a man was believed to have died today in a \$10,000 fire which destroyed a rooming house in this Canadian-border community.

The flames drove 24 scantily clad occupants into 30 below zero weather. Ten jumped from second-story windows to the snow-covered ground. Aid was sent by the Edmundston, N.B., fire department.

Survivors told how Miss Mabel Morin of Upper Frenchville, a stenographer, raced from door to door of the three-story wooden dwelling, awakening others.

In the confusion which followed, Miss Morin was lost. Firemen several hours later dug the charred body from the still glowing embers.

Missing was 25-year-old Philip Quinn of South Portland, a teacher at the Madawaska high school.

Pursuers Help Sea Operation

An operation by Dr. Ivan Ingram, ship's surgeon, last Saturday night when the Ss. President Jefferson was in mid-Pacific, bound for Victoria from the Orient, saved the life of Roy Wecker of Seattle, a member of the crew.

The operation was performed in the tiny operating room adjoining the medical consulting office, with Paul Babcock, purser; John Fairweather, assistant purser, and Larry Campbell, chief steward, assisting. The purser gave the anesthetic and Fairweather acted as scrub nurse.

Fortunately the seas were calm and the ship steady. It was not necessary to reduce speed.

Dr. Ingram, who interned in Cleveland, has been aboard the President Jefferson about a year. It was his first operation at sea.

U.S. Goodwill Planes in Peru

LIMA, Peru (AP)—The six United States army goodwill planes from Miami, Fla., arrived here this afternoon, flying over the city at 5:02 p.m. (4:02 p.m. E.S.T.).

Superintendent of Insurance G. D. Finlayson said it had been found impracticable to frame a reference to the Supreme Court, the answer to which would settle matters.

W. A. Tucker, Liberal, Rosetown, Sask., suggested the Attorney-Generals of Quebec and Ontario be called to say what their provinces were doing, it being in these two provinces the "loan shark" problem seemed most acute. Other committee members thought all provinces should be consulted, and they carried their point.

TWO AUTHORITIES

Mr. Dunning spoke of the confused jurisdiction between the provinces and the Dominion.

Mr. Finlayson said the greatest evil was not the companies in the small loan business, but individuals, and he cited an Ontario case where the effective annual rate of interest on a loan made by an individual had reached 91.603 per cent.

New Commander Takes Charge of Sandhurst

Accepting the salute of the cadets of the Royal Military College at Sandhurst, England, Major-General T. R. Eastwood, right, assumed charge of the post in the reorganization of the high British military command, as shown in the above picture, received in Victoria today.

Budget Is Slashed By \$27,271 As City Opens Pruning Work

Vote to Replace Wood Block Paving Cut \$20,000; Police Estimates Pass

Council Aims To Reduce Tax Rate

Cutting deeply into the tentative appropriation for replacing wood block paving, the City Council in estimates committee last night slashed a total of \$27,271 from its draft budget as it moved toward a reduction of at least \$90,000 required to keep the tax rate at last year's level of 43 1/2 mills.

Following a session which started at 5 in the afternoon, was halted for dinner and continued later until 10, the committee adjourned until Monday at 5 to renew its assault on expenditure matters.

Prior to opening the debate, D. A. Macdonald, city comptroller-treasurer, reviewed the set-up for 1938. He referred to the surplus of \$109,000 with which the council had completed 1937 and stated that with the mayor's consent he had made arrangements to use that sum for debt retirement. He had also provided in the estimates draft for the retirement of another \$150,000 worth of debt bonds. The object of the move, he said, was to peg the mill rate at a point which would avoid any great increase in 1940, when first payment fell due on city debt bonds under the new refunding scheme.

Gross estimated expenditure as listed in the draft amounted to \$2,500,146.74, he told the council. That was reduced by estimated receipts of \$843,322.74, leaving a net \$1,656,824. From the latter amount could be deducted the fixed levy against the Empress Hotel, amounting to \$10,000.

The same mill rate as that of last year would yield \$556,824.54 on the present assessment, Mr. Macdonald stated, adding the council would be required to cut about \$90,000 from the estimates to reach that levy. A mill, he said, represented about \$35,789.

QUESTIONS POLICY

Alderman W. Lloyd Morgan, finance committee chairman, questioned Mr. Macdonald on his policy. He suggested the surplus expected at the end of this year, together with that of last and others anticipated if the rate were pegged until 1940, would more than meet the requirements of the first payment for debt retirement.

Nine Killed In Raids in Mexico

MEXICO CITY (AP)—Nine persons, including two women, were killed and five were wounded in bandit raids and assaults in various parts of Mexico, reports reaching the capital said today.

Two Australians Find Big Nugget

MELBOURNE (CP-Reuters)—Bert and Walter Cookson found a gold nugget weighing nearly 100 ounces—worth about \$200 (\$4,000)—at Frenchman's Creek, near Ballarat. It is the largest nugget found in the district since the early gold mining days.

Tijuana Man Is Shot By Soldiers

J. C. Morales Executed For Slaying of Girl

TIJUANA, Mex. (AP)—A detachment of 30 soldiers marched on the Tijuana jail early today, seized a former comrade, Juan Castillo Morales, 24, asserted confessed murderer of eight-year-old Olga Consuelo Comacho, took him to the cemetery on the hill and executed him with a volley of rifle bullets, it was reported.

The announcement of the death of the slayer carried the traditional Mexican explanation that he had been "shot while attempting to escape."

It was a startling climax to four days of wild excitement, rioting, burning and bloodshed that followed the sex-slaying of the Comacho girl. It forestalled further possible disorders in connection with the funeral of Vidal Torres, 56, who died Tuesday night of a bullet wound received in lynch mob street fighting with Mexican troops.

India Constitution Denounced By Group

Resolution By Congress Party Committee; Government Holds Prisoners

PATNA, India (CP-Reuters)—The subjects committee of the All-India Congress Party today adopted a resolution at Haripura denouncing the new constitution as the deadlock over the release of political prisoners in Congress-controlled provinces continued.

The governments of Bombay, Madras, Orissa and the Central Provinces were expected to resign today or tomorrow, following the example of Congress ministries in Bihar and United Provinces, unless the provincial governors yield to their demands that all political prisoners, regardless of the nature of their

Boy Brings In 316-pound Shark

SYDNEY, Australia (CP-Reuters)—Richard W. Winn, 16, youngest competitor in the big game fishing competition in connection with Australia's 150th anniversary celebrations, landed a 316-pound hammerhead shark. Unaided, he fought the shark, first game fish he had ever caught, for 66 minutes.

ROWELL BOARD HERE MARCH 16

Date For Hearings Postponed One Week; B.C. to Submit Big Brief

Opening of the Rowell commission's hearings in Victoria has been postponed from March 9 to 16, Premier Pattullo was advised this morning.

The postponement may cause some delay in the Premier's departure for Ottawa, which he had planned for the latter part of March.

It is expected the commission will sit here from 10 days to two weeks and the Premier will take a prominent part in making British Columbia's submissions.

From the preparations in evidence at the Legislative Buildings it appears that this province will make a much more comprehensive submission to the Rowell board than many of the other provinces. Every phase of government activity will be dealt with in the briefs, now being prepared for printing.

Premier Pattullo today declined to make any public comment on the statement of Commissioner N. W. Rowell in Ottawa yesterday that British Columbia's new Department of Trade and Industry looked like "clear duplication" of federal activity. The trade department, he said, would be dealt with in the province's brief.

India Constitution Denounced By Group

Resolution By Congress Party Committee; Government Holds Prisoners

PATNA, India (CP-Reuters)—The subjects committee of the All-India Congress Party today adopted a resolution at Haripura denouncing the new constitution as the deadlock over the release of political prisoners in Congress-controlled provinces continued.

The governments of Bombay, Madras, Orissa and the Central Provinces were expected to resign today or tomorrow, following the example of Congress ministries in Bihar and United Provinces, unless the provincial governors yield to their demands that all political prisoners, regardless of the nature of their

Paris Suspects Hitler Is Given Austrian Field As Duce Looks To South

Canadian Plane Plant in Mexico

MEXICO CITY (AP)—Official quarters said today the Mexican government had completed arrangements for an "important" Canadian aviation company to build airplanes here.

A factory to assemble military and commercial ships would be established in Mexico, these sources said, with 40 fighting ships budgeted for delivery to the army air corps by the end of the year.

Schuschnigg Is Near Collapse

VIENNA (AP)—Concern was felt tonight for the health of Chancellor Kurt von Schuschnigg after the exhausting strain of the last six days, which saw the Austrian government revamped to meet the desires of Chancellor Hitler of Germany.

Schuschnigg tonight began a pacifying address to the "storm-corps," a new strong-arm organization formed to combat illegal Nazi activities, but ended it suddenly.

"Storm-corps" sources said the Chancellor had a nervous attack and fainted.

Narcotics Charge Against Japan

PORTLAND, Ore. (AP)—Upton Close, expert on Far Eastern affairs, charged today Japan was financing her "divine peace mission" in China through sale of narcotics in the United States. He alleged Japan was producing 1,000 times more narcotics than the quota named in an international agreement.

Chinese Report Gains By Troops Along Railways

Stations Recaptured; Advance of Japanese in Honan Checked

HANKOW, China (AP)—Chinese forces were reported Thursday to have checked the rapid southward push of a mechanized Japanese column along the Peiping-Hankow railway more than 50 miles from its intersection with the east-west Lunghai Railway at Chengchow.

Chinese troops were said to have clung tenaciously to positions north of Weiwei, in northern Honan province, despite repeated Japanese attacks.

Taking advantage of the large scale Japanese concentration along the central China front, Chinese guerrilla units struck deep into the invaders' rear-guard.

At the same time Chinese troops were said to have assumed the offensive at many important points along the northern and southern reaches of the Tientsin-Pukow railway, which crosses the Lunghai at Suchow, more than 20 miles east of Chengchow.

STATIONS TAKEN

SHANGHAI (AP)—Chinese red army troops and guerrilla units, Chinese reported Thursday, have captured every station along a 75-mile stretch of the Peiping-Hankow railway behind the Japanese lines in north China.

French Government Officials Say Price of Italy's Acceptance of Nazi Set-up in Little Neighboring Country May Be Germany's Support for Campaign Mussolini Planning in Attempt to Seize North African Territory, Probably Tunisia

Britain Closely Watches Austria

Hitler Informed of Nation's Interest in Events There, Says Eden

By GEORGE HAMBLETON Canadian Press Staff Writer

LONDON—The British and French governments are acting together over Austria.

Foreign Secretary Eden told the House of Commons today that Sir Neville Henderson, British ambassador at Berlin, had been instructed to indicate to the German government "the interest which the British government takes, and has always taken, in the Austrian question."

The British government was now in consultation with the French government, Mr. Eden added.

The House was anxious to learn the story of Berchtesgaden, but Mr. Eden was able to add little. He hoped to make a statement, perhaps tomorrow.

VIEWS NOT ASKED

"In view of statements in the press," the Foreign Secretary said, "I should perhaps add that His Majesty's minister at Vienna was informed of the proposed meeting between Dr. von Schuschnigg and Herr Hitler on the eve of the meeting, but the views of the British government were not invited in regard to that meeting."

"While I am not in a position to estimate the exact effect of that agreement, His Majesty's government are following the developments with the closest attention."

(Turn to Page 2, Col. 6)

Liquor Rule Seen As Check on Abuses

Provincial government authorities declined today to make any public comment on the liquor law which provides that no registered hotel guest may serve liquor to a visitor in his room, to which attention was drawn by Magistrate Henry C. Hall in police court here Tuesday.

It was admitted by officials, privately, that the law is broken daily, with the explanation that it falls in the class of regulations designed to prevent abuses rather than be read strictly to the letter. There was no indication that the government would move to amend the Liquor Act in this respect.

PARIS (AP)—French Foreign Office officials today voiced suspicion that Premier Mussolini had "abandoned" Austria to Germany in return for a promise by Chancellor Hitler of support for further Italian territorial conquests in Africa.

They said they had reason to believe the "price" of Italian inaction in the Nazi advance on Austria had been fixed by Mussolini as support for a projected Italian campaign in North Africa.

The French for some time have attributed to Mussolini an ambition to take over Tunisia, French north African colony, which lies west of Tripoli, held by Italy.

There was Foreign Office concern over what its officials termed a "lukewarm attitude" in Great Britain regarding aid for Austria. They said British officials had indicated that although "interested" in the fate of Austria, they preferred to move slowly and avoid "entangling complications."

PRESSURE ON LEADERS

Left wing political parties are putting pressure on the government for a definite stand against Fascist advances in Europe.

It was disclosed today that during heated debate on Nazi entrance into the Austrian cabinet, Socialist and Communist deputies at a private session of the Chamber of Deputies foreign affairs committee criticized the "passivity" of the government.

Communist Gabriel Peri demanded immediate overtures to Washington and London for a common declaration "the three democratic powers will oppose any new aggression by totalitarian states" (Germany and Italy).

The committee meeting was followed by a foreign ministry announcement France and Great Britain were informing Germany they were concerned over the independence of Austria and asking the Reich's intentions.

NOT SATISFIED

The Franco-British diplomatic gesture toward Berlin failed to satisfy the Socialists and Communists.

"These grimaces will make no difference," said the Communist party organ L'Humanite. "Hitlerization of Austria is the result of the failings of France and Great Britain."

The Socialist paper Le Populaire declared the French and British representations were "without strength," but "they do not arrive too late if they are an expression of new policy designed to show the balance of authority of the two great democracies to re-establish equilibrium."

Discover 5,500 Pupils Underfed

Of 99,763 pupils given medical examinations in British Columbia schools last year, 5,504 were found to be suffering from malnutrition, according to the annual report of medical inspection of schools issued here.

A total of 23,767 suffered from defective teeth and 14,908 had enlarged tonsils. Suffering from defective vision were 5,791, and from adenoids 5,228. A total of 7,033 had enlarged glands and 4,404 had goitre. There were 675 with defective mentality and 1,013 with defective hearing.

No cases of malnutrition were shown in Victoria High School, but there were 239 cases in the grade schools.

Ontario Claims Income Taxes

TORONTO (CP)—Premier Mitchell Hepburn announced today that Ontario in its brief to the Royal Commission on Dominion-Provincial Relations will claim for the provinces the right to income taxation now "usurped by the Dominion."

The Dominion's invasion of this field of direct taxation constituted "a violation of the spirit and the letter of the Confederation agreement," Mr. Hepburn said. He added belief British Columbia, Quebec and New Brunswick would associate themselves with Ontario on the stand regarding income taxation.

Ninth Husband Is Held in Jail

NEW YORK (AP)—The much-married Virginia overshiner of Georgia today summarily renounced—and denounced—husband No. 9, who was held in jail on a warrant charging non-support of a wife and three children in the Bronx.

The man who walked into a police station Wednesday night and identified himself as Rudolph Kaplan was, she told Detective Thomas Hines, the man with whom she had eloped to Elitton, Md., last Saturday. She expressed sympathy for Mrs. Kaplan.

Long Sentences Given Gamblers

Two of Reno Group at New York Get Nine Years; Five Years For Two

NEW YORK (AP)—William J. Graham and James C. McKay, prominent Reno gamblers, today were sentenced to nine years' imprisonment following conviction of mail fraud and conspiracy in a \$2,500,000 nation-wide swindling ring. Each was fined \$11,000.

The two gamblers were sentenced to serve five years each on the first count in the mail fraud indictment, one year on the second, and one year on the third. In addition each received two years on the conspiracy charge, the sentences to run consecutively.

They each were fined \$1,000 on the first count of the mail fraud indictment, and \$10,000 each on the conspiracy charge.

Justice Willis Van Devanter gave them 20 days to travel to Reno and settle their business affairs there.

The two men will go to Reno under bail of \$25,000 each, set today at request of the federal prosecutors.

FIVE-YEAR TERMS
Boies Heed of Phoenix, Ariz., a third defendant in the case, was sentenced to five years' imprisonment and was fined \$800. Allen Comer of Sioux City, Iowa, fourth convicted swindler, was sentenced to five years' imprisonment and fined \$900.

The sentences put the finishing touches on the government's long attempt to break up the Reno swindling ring. The four men were convicted by a federal district court jury last Saturday. A fifth defendant, Thomas O'Dell of Connecticut, was freed.

The sentences are to be served in a penitentiary to be designated by the Attorney-General.

JUDGMENT UPHELD
OTTAWA (CP)—The Supreme Court of Canada today dismissed the appeal of C. Ogawa from a judgment of Mr. Justice A. M. Manson of the British Columbia Supreme Court finding him liable for damages to Dr. Tsuru Fukiwara and other passengers in his car in an automobile accident at Port Moody, B.C., in 1935. Damages of \$5,300 were awarded and upheld by the B.C. Court of Appeal.

Lazy Man Given Insurance Job

CLEVELAND, O. (AP)—Andrew Hahineck, who advertised himself as "unreliable, dishonest, lazy," but in need of a job with "short hours, big pay," went to work today as a salesman for a life insurance company. He received 160 telephone calls and 74 job offers.

MARTHA RAYE IN LAWSUIT

Comedienne's Father Wants Part of Earnings; Also Sues Manager For \$150,000

LOS ANGELES (AP)—Martha Raye became the centre of a \$200,000 legal tug-of-war today. Problems piled up when her father, Peter F. Reed, filed two suits totaling \$200,000 and involving the film comedienne, her mother, Mrs. Maybelle Hopper Reed, and her manager, Peter Baumann.

One suit, against Baumann, charges he stole the love of Mrs. Reed, and asks \$150,000 for the loss of her affections before she divorced Reed last March 2.

The Reeds, parents of two other children besides Martha, used to play in vaudeville as the team of "Reed and Hooper."

Reed's second suit is for at least \$50,000 of Miss Raye's earnings before she became 21 last August and names her, her mother and Baumann. It asks an accounting of her income from January, 1936, when Reed said he sent his daughter and wife to Hollywood.

The father said Martha's earnings had ranged from \$750 to \$2,500 a week during a two-year period before she reached the legal age.

Martha ducked questions on the suits today.

Six Provinces For Amendment

Replies on B.N.A. Act Unemployment Insurance Change Tabled

OTTAWA (CP)—Constitutional amendment to the British North America Act to bring unemployment insurance within federal jurisdiction is favored by six of Canada's nine provinces, correspondence tabled by Prime Minister King in the House of Commons Wednesday afternoon disclosed.

Provinces giving assent are Nova Scotia, Prince Edward Island, Ontario, Manitoba, Saskatchewan and British Columbia. Of the others, Alberta and New Brunswick desire to submit the matter to their legislatures, while Quebec is "willing to co-operate" provided a system can be established without infringing on the "rights and autonomy of the province."

Signifying acceptance of the Dominion's proposal for a constitutional amendment, the British Columbia House adopted a resolution last December agreeing "that the amendment should be made to the British North America Act in order to establish beyond question the authority of the Dominion Parliament effectually to enact a national scheme of unemployment insurance," the correspondence showed.

CROP INSURANCE
The most recent communication on the file is from Premier William Aberhart of Alberta, in which he indicated his government's intention to submit the matter of unemployment insurance to the legislature as soon as possible after February 10. Mr. Aberhart accompanies his communication with a series of questions which he desires answered, and says that what his province needs is not "unemployment insurance, but crop insurance."

Vancouver Will Reduce Outlays

VANCOUVER (CP)—Mayor C. C. Miller today said "city estimates this year must come down to where we shall be able to live within our income."

He added that "if we achieve that it will be the first time the feat has been accomplished in several years."

He stated the balanced budget aim did not include provision for sinking funds.

NEW ALBERTA TAXES

Edmonton (CP)—Government motions on the order paper of the Alberta Legislature today included resolutions preceding bills to tax minerals and wild lands. Details of the bills are not yet available. The motions stand in the name of Hon. Lucien Maynard, Minister of Municipal Affairs.

Fresh Food For Ice Camp Men

Four Russians, With Refreshments By Plane, Stay On Floe Off Greenland

MOSCOW (AP)—Soviet Russia's four drifting scientists drank beer and ate tangerines today and decided to stay on their ice floe camp until the icebreaker Taimyr reaches them.

Their first taste of the outside world after nearly nine months on the floe came Wednesday when two airplanes landed from nearby rescue ships off the Greenland coast and delivered a half-dozen bottles of beer and a bag of tangerines.

Ivan Papanin, the camp's commander, sent back word to Alexei Ostalstseff, chief of rescuers aboard the icebreaker Taimyr, that he wanted to move out all the scientific equipment the party used in polar weather observations before quitting the camp.

BUDGET IS SLASHED BY \$27,271 AS CITY OPENS PRUNING WORK

(Continued from Page 1)

If the collections continued as they had last year, the rate could be reduced in 1940, Mr. Macdonald said.

Alderman Morgan stated he would favor giving some reduction to the taxpayers now instead of trying to retire in 30 years issues which could be spread over 37.

"We were told last year that we were silly asses to cut the rate," Alderman John A. Worthington remarked before reviewing the surplus accruing from 1937 collections. "I think we should stretch the payment out to give relief now," he added.

Referring to the rate question, Mr. Macdonald informed the council the assessor-collector had told him so far this year taxpayers seemed fairly content to pay on a basis of last year. The collector's trouble lay in preventing them from paying more than he wanted.

The mayor remarked the Inducement to early payment lay in the allowance of a 5 per cent per annum premium on prepayments from the date they were paid until October 1. It was a good omen, however, he felt.

COLLECTION ESTIMATE UP
In reply to Alderman Archie Willis, Mr. Macdonald stated last year's collections had been 2 per cent over the 79 per cent anticipated. As a result, he added, he had estimated collections this year at 81 per cent.

Prior to consideration of the departmental estimates Alderman Worthington won support for a motion referring the school budget to the city comptroller and solicitor to determine whether or not the educational estimates included extraordinary as well as ordinary estimates beyond those specifically earmarked as such.

Debt charges were listed this year at \$44,006.89 net, owing to the complete application of the refunding plan, which permitted certain reductions in the fixed charges.

Expenditure of \$21,500 on interest on the bank loan and pre-paid taxes was approved, while the figure for brokerage and exchange was passed at \$12,000, which included fees to the Bank of Montreal for payments due in London on City of Victoria stock.

The committee stood over consideration of the \$423,431.51 school estimate.

Turning to police costs, the mayor stated the commission had reduced its budget \$2,000. On the recommendation of Alderman Commissioner Archie Willis the estimate was finally passed at \$108,675.30, against expenditure of \$105,178.94 last year. The 1937 estimate was \$103,481.72. In reply to Alderman Alex Peden, the mayor stated all work on police cars had been done privately. He had called for reorganization of the city yard to care for that in future, he added.

Alderman Adam called for the police budget to go back to the commission. They could not be honestly reduced further, commissioners replied. Last year the budget had been sent back and the commission simply lopped off certain sums and then proceeded to overspend. A new automobile, a new motorcycle and a new traffic signal at the corner of Johnson and Government Streets were provided in the estimates as well as the increase in salaries.

"Reorganization of the yard is not forgotten," Alderman Ed. Williams told the council. It required time. The reorganization should have been carried out last year, the mayor retorted.

MAYOR DECLINES RAISE

Indemnities of the mayor and council, as well as expenses of the mayor's office, were passed. Alderman Worthington called

for re-establishment of the mayor's salary to \$4,000 a year. "I'm satisfied until the employees get their salaries restored," the mayor replied. No change was made.

A sum of \$200 was cut from legal department maintenance, which was set at \$7,981.12. Another \$25 was taken off the comptroller's departmental maintenance vote to leave it at \$2,000, and \$200 was cut from that of the assessor-collector's vote, which became \$3,120.

Following supper adjournment, Alderman Morgan called for approval of salary votes. Those previously stood over were approved without change. Alderman Dewar stated certain salaries should be reconsidered by the finance committee.

Alderman Willis asked for reports on lower salaried junior employees by department heads to the finance committee for recommendations to the council. His move was endorsed.

Returning to the various votes, \$100 was cut from the city clerk's maintenance fund, which became \$1,160.

A request from M. F. Hunter, city clerk, for purchase of an encyclopedia at a cost of \$139.22, was tabled for later consideration.

The auto allowance for the building inspector, set at \$320 in the estimate, was lowered to last year's figure of \$240. Another \$10 was taken from the department's postage allowance, and the figure for printing the new building by-law, \$855, was approved.

HALL VOTE PRUNED

The City Hall building maintenance allowance was cut \$729 to \$1,128.25, the \$557 item for improvement of the assessor's office being cut to \$100. The fuel allocation was reduced \$90 to \$1,000.

In the engineer's department, salary consideration for the office staff was stood over. The stationery account was cut \$50 to \$600, and that for blue prints, etc., \$100 to an even \$100.

The street repair vote, listed at \$18,500, against last year's expenditure of \$13,404.41, was cut \$1,000 to \$17,500 on a divided vote.

Alderman Okell drew attention to the "terrible condition" of streets, saying it was penny wise and pound foolish to try to cut the vote.

The \$150 pole moving appropriation was deleted, and the road oiling vote reduced \$400 to \$5,000.

After lengthy debate the \$15,000 asphalt repair appropriation was approved. The allowance of \$500 for new sidewalks was scaled down to \$400, while another \$100 was taken from the repair account for Point Ellice bridge, which was left at \$500, marking and warning sign votes were reduced \$390 to \$2,000. The \$1,000 repair item for Ross Bay seawall was halved to \$500. The weed cutting vote was reduced \$1,000 to \$1,600. The Johnson Street bridge estimate, costing the city \$4,980 was approved.

MAJOR CUT

The axe fell heavily on the \$26,000 vote to replace wooden block paving. The figure was slashed \$20,000 to a \$6,000. Alderman Willis suggested one block at a time be repaved. Another \$1,150 was cut from the item for cribwork on the shoreline at Clover Point, which was left at \$1,000.

The estimates of \$3,837 and \$489 to round corners in the Gonzales Bay area was stood over, as was the \$2,500 allocation for a comfort station and a \$335 item for one of the Inner Harbor floats.

The purchasing agent's maintenance estimate was placed at \$200, a sum \$60 below the preliminary figure. Another \$90 was taken from the wiring inspector's car allowance to leave it \$330 and the department's miscellaneous vote was halved to \$25 before a substitute's salary allowance of \$72 was eliminated.

The street lighting department salary vote was passed before maintenance costs went under the knife, \$100 being lopped off the plant maintenance figure to leave it at \$300, and another \$50 being taken from the \$200 sundry supply item. Cluster light maintenance was reduced \$500 from the \$1,500 original vote.

NEGRO SHOTS TWO OFFICERS

LOS ANGELES (AP)—A negro barricaded himself in a house in Los Angeles "Harlem" today and shot two deputy city marshals to death before he was seriously wounded by the machine-gun fire of police.

The marshals, Dwight C. Crittenden, 38, and W. L. Romer, were killed when they sought to evict the man, identified by police as George Farley.

Carloads of police officers were dispatched to the scene as terror-stricken residents ducked to safe refuges. The police brought with them tear gas bombs, machine guns, rifles and pistols.

Padlock Law Called "Rotten"

R. L. Calder, Montreal Civil Liberties League Head, Denounces Quebec Act

OSHAWA, Ont. (CP)—Quebec's padlock law was termed "the rottenest piece of legislation ever drawn up," by R. L. Calder, K.C., president of the Montreal Civil Liberties League, in an address here Wednesday night. It would not surprise him if McGill University should be padlocked as its libraries contained books by the communists Mark and Engels essential to students of economics, he said.

Mr. Calder said the law resulted from a conference of Cardinal Villeneuve with Premier Duplessis and other officials and in the Legislature was given first and second readings, referred to a committee and read a third time all within a half hour.

The padlock law, "while aimed at communism, does not define communism and so lays it open to any definition," Mr. Calder said.

Because of the lack of the definition as to what constitutes communism "any policeman can padlock your home, if he sees anything that strikes him as communistic," said the speaker.

New Sliding Wage Scheme in France

PARIS (AP)—An "indemnity allowance" to be paid all French workers to balance wages against living costs was proposed today by Premier Chautemps in his campaign to gain support for his proposed labor code.

The new plan calls for a revision of the "indemnity allowance" every six months after a government survey of prices to determine whether costs have risen or fallen. The allowance would be paid directly by employers to the workers, under supervision of the minister of labor.

SOVIET ENVOY IMPERSONATED

MOSCOW (AP)—Maxim Litvinoff, Foreign-Commissioner, today informed the Roumanian government the Russian authorities believed the man who announced Wednesday in Rome he was Jodor Butenko, the missing charge d'affaires of the Soviet legation in Bucharest, was an impostor.

Litvinoff said his government was convinced the real Butenko either still was in the hands of kidnappers in Roumania or was dead.

BRITAIN CLOSELY WATCHES AUSTRIA

(Continued from Page 1)

Rt. Hon. Clement Attlee, leader of the opposition, asked what the government's attitude was toward Czechoslovakia.

"This country always has had the friendliest feelings toward the Czechoslovakian nation and is fully aware of the treaties which bind Czechoslovakia with other powers," said Mr. Eden.

Geoffrey Mander, Liberal, questioned whether during the last few days the Austrian government had asked the British government if it could expect any measure of support.

"No such request was ever made to His Majesty's government," replied Mr. Eden.

ITALY AGREES

ROME (AP)—Italy gave its official benediction today to the Berchtesgaden conference and the Hitler-endorsed changes in the Austrian cabinet.

The new Austro-German "collaboration is greeted with open favor by the Italian government as the part of a new era of pacification between two great peoples which are profoundly bound together by race, language and common culture," said a communique of Informazione Diplomatica, organ of the foreign ministry.

POINT TO PROMISES

VIENNA (AP)—Austria served notice today she expects Germany to fulfill promises of the Hitler-Von Schuschnigg agreement in the same measure as did the Austrians by naming cabinet ministers acceptable to Germany and by granting amnesty to Austrian political prisoners.

Officially inspired newspaper statements declared Hitler in his address to the Reichstag next Sunday should guarantee Austrian independence—directly and not incidentally.

Should he avoid that direct pledge, the feeling here is Austria would consider Germany as having acted in bad faith regarding the negotiations at Berchtesgaden.

Austrian minister of the Interior, favorable to Germany and whose appointment was approved by Hitler, carried Chancellor von Schuschnigg's ideas on the subject to Berlin today.

The first gestures of co-operation by Hitler are expected to include strict orders to the German press to treat Austria henceforth as her "German brother."

By WADE WEBER
Associated Press Foreign Staff

BERLIN (AP)—Austria's Nazi-inclined minister of the interior, Arthur Seyss-Inquart, arrived in Berlin today for what may be the first of frequent consultations on Austro-German economic, military and political co-operation.

Seyss-Inquart was greeted warmly by elite Guard Leader Wilhelm Keppler, Chancellor Hitler's representative.

As Seyss-Inquart arrived from Vienna some quarters facetiously observed that the Austrian minister, admitted to power in the cabinet shakeup last Tuesday that broke down Austrian resistance to Nazi influence, was reporting to his "new boss."

The more conservative view, however, was that Seyss-Inquart had paid a call on the Fuehrer, his personal friend, to show that Austria meant business in pledging to give its Nazi-inclined elements a chance to help rebuild the state.

Beyond the bare announcement that Seyss-Inquart had conferred with Hitler, Foreign Minister Joachim von Ribbentrop and Air Minister Hermann Goering, no public statement was made.

The general interpretation was that the visit, immediately after reorganization of the Austrian cabinet with ministers favorable to Germany, was another indication no time will be lost in realization of a new and closer co-operation between the two German-speaking states.

Duncan Hospital Names New Board

DUNCAN—The annual general meeting of the Cowichan District Hospital Association was held Monday evening. E. W. Neel was in the chair. The secretary gave a report of the year's activities.

A gift of a valuable operating table lamp has been made by Tara Singh of Hillcrest. Many other donations were also received, and the Elks room is now fully equipped.

The resignations from the board of John Fox and H. F. Prevost were accepted with regret. Re-elected for a two-year term were Miss G. M. Beaver, W. K. S. Horsfall, H. R. Punnett and J. B. Turnbull; new directors elected, Mrs. N. McIver, J. L. Maitland and Arnold Flett. E.

British Labor Wins By-election

Ipswich Result Is Seventh Commons Gain For Party Since 1935 Election

IPSWICH, Eng. (CP)—Labor Wednesday won the House of Commons seat here for its seventh by-election gain since the general election of 1935. R. R. Stokes, Labor, polled 27,604 votes against 24,443 for H. U. Willink, Conservative, in a straight party vote. The vacancy was caused by elevation to the peerage of Sir John Gannon, Conservative.

The result represented a swing of approximately 10,000 votes since the general election when Gannon polled 28,528 votes to 21,278 for R. F. Jackson, Labor. The respective majorities Wednesday were 3,161 and 7,259 in 1935.

Ipswich was termed a "test" by-election by the opposition. The campaign was keenly waged on both sides.

Former Nelson Alderman Dies

NELSON (CP)—A resident of this city since 1909 and a former member of the Nelson City Council, Thomas M. Slader died here Wednesday night.

After four years of service Mr. Slader was defeated when he stood for reelection last January.

He is survived by the widow, two sons, David and Norman, and a daughter, Phyllis.

Two Young Women Are Jailed For Life

NEWARK, N.J. (AP)—Two young women convicted of slaying a bus driver in a \$2.10 holdup were under sentence today to spend the rest of their lives in prison.

The sentencing Wednesday was only a formality and took less than 10 minutes. A jury of 12 men Tuesday night returned a verdict of first degree murder with a recommendation for mercy—making life imprisonment mandatory.

As Mrs. Ethel (Bunny) Sohl, 20-year-old policeman's daughter, and Genevieve Owens, 18, stood with bowed heads, Judge Daniel J. Brennan pronounced sentence. Both held handkerchiefs to their faces.

NEW SCHEME FOR JEWISH STATE

ROME (AP)—An Italian government organ Wednesday advanced, as coming from a responsible Roman circle, a proposal that "the universal Jewish problem" be solved by creation of a Jewish state somewhere outside Palestine.

The plan was mentioned in an official denial of any intention of launching an anti-Jewish campaign, published in the *Informazione Diplomatica*, organ of the Foreign Office.

"Responsible Roman circles," the publication said, "contend the universal Jewish problem can be solved only one way—by creation of a Jewish state in some part of the world, not Palestine."

GRAIN BOARD'S COST \$114,237

Commons Informed of Payments During Turgeon Commission's Inquiry

OTTAWA (CP)—Total cost of the Turgeon Grain Commission to date is \$114,237, according to a return tabled in the House of Commons Wednesday. The amount paid to the commissioner, Mr. Justice W. F. A. Turgeon of Regina, in living allowance, at the rate of \$35 a day, was \$9,275, while traveling expenses for the commissioner amounted to \$2,825.

Hon. J. L. Ralston, commission counsel, received a \$20 a day living allowance and legal fees at the rate of \$200 a day. The total in living allowance paid to counsel was \$2,365, in legal fees \$25,674, and traveling expenses \$983.

Assistant Counsel J. E. Coyne was paid \$10 a day living allowance and \$50 a day legal fees. The total paid him was \$1,760 living allowance, \$16,100 legal fees and \$1,231 traveling expenses.

Secretarial assistance cost \$10,735, clerical assistance \$7,622 and preparation of the stenographer's report \$21,437.

Hearing of evidence occupied 122 days and 39 days were spent in traveling. There were 260 witnesses called and these were paid \$1,167.

Clerical Staff Under Review

Chief J. A. McLellan Recommends Changes to City Police Commission

Reorganization of the police court clerk's department at the city police station, as recommended by Chief J. A. McLellan, was further considered by the City Police Commission yesterday at a meeting attended by Mayor Andrew McGavin and Commissioners Archie Wills and Edward Williams.

The chief suggested the police court clerk should assume duties as court stenographer and a woman be engaged for general stenography at headquarters. The commission authorized the chief to examine a list of applicants in the hands of the city comptroller and report back next week.

The chief pointed out the change would effect a saving of \$336 a year and would include a \$22 a month raise for the clerk. The change called for the dismissal of the present court stenographer but the commission would not agree to this.

Accepting the recommendation of Claude L. Harrison, city prosecutor, the commission authorized the appealing of a recent judgment of James Forman, J.P., under the Criminal Code. Mr. Harrison cited facts of the case on which he based his conclusions. Chief McLellan supported an appeal being taken. H. S. Pringle, city solicitor, will be called in for advice on matters relevant to the case.

An appropriation of \$150 towards bringing back a prisoner arrested in Toronto for hearings in Vancouver and Victoria, was authorized.

Incas of Peru could send messages from Quito to Cuzco—over 1,000 miles—in a week, by their system of runners, relaying the message along the way.

Labor Bill Up In Saskatchewan

REGINA (CP)—Second reading was given in the Saskatchewan legislature Wednesday to a bill granting the right of employees to organize.

Explaining the principle of the bill, Attorney-General Davis said the Trades and Labor Congress of Canada had submitted a draft bill to all provincial governments last year and the present measure was largely along the lines of the labor suggestions.

Some modifications had been introduced, he said, but the principle—right of collective bargaining—was unchanged.

JOIN PROTEST ON MOVIE BAN

Labor Council Supports Appeal Against Barring "China Fights Back"

A protest against the banning by the British Columbia motion picture censors of the film "China Fights Back," built around the present conflict in the Far East, was joined by the Victoria Trades and Labor Council last night.

The council endorsed a resolution forwarded by the Canadian League for Peace and Democracy. The resolution will be sent to Premier Pattullo and the Victoria members of the provincial Legislature.

"China Fights Back" it was stated, was to have been shown in Vancouver, but was disapproved by the censors on the grounds it would tend to excite racial prejudices.

The council was addressed by a representative of the League for Peace and Democracy, who circulated copies of a petition calling on the federal government to place an embargo on the shipment of war materials to Japan. A resolution serving as a preamble to the petition was endorsed by the council.

Unusual Court Ruling Given

Los Angeleno Convicted of Manslaughter; Freedom Near on Insanity Finding

LOS ANGELES (AP)—Convicted of manslaughter, yet, paradoxically, held to be innocent of the slaying of his wife and his best friend because of temporary insanity, Paul A. Wright may walk out of court tomorrow a free man.

The effect of a jury's verdict late Wednesday holding the former airport executive to have been insane November 9 when he shot Mrs. Evelyn Wright and John Immel was to exempt Wright from the penalty for two counts of manslaughter—one to 20 years in prison.

Wright's defence was that he suffered an emotional shock—went into a "white flame" of rage—on finding his wife and Immel in what he claimed was an abnormal embrace in his home.

The jury a few days ago convicted Wright in three hours on his straight plea of innocent, but deliberated for 18 hours before it gave a verdict Wednesday finding him innocent by reason of insanity. He had been charged with murder.

"It appears to the court that the defendant has regained his sanity," Superior Judge Ingall W. Bull announced. "I therefore remand the defendant to the custody of the sheriff until his sanity has been decided in the manner prescribed by law."

The courtroom was in an uproar after the verdict was read. Halted by bailiffs, cheering broke out again after Judge Bull had left the bench.

Wright was removed to the psychopathic ward of the county general hospital. Today he was undergoing mental tests and it was stated he might be released Friday.

To Tighten Tax Collection Soon

TORONTO (CP)—The Ontario and the Dominion governments may confer on steps to collect additional taxes from millionaire Canadians who move to the Bahamas, according to Premier Hepburn.

"At a conservative estimate, the province is losing more than \$1,000,000 a year in income and succession duty taxes through wealthy men locating in Nassau, or forming holding companies there," the Premier said.

Treasury department heads were studying the matter, he said.

The creature called Leviathan in the Bible fits the description of a crocodile better than any other reptile, some zoologists say.

Aid Asked For Prairie Schools

TORONTO (CP)—The Canadian Teachers' Federation, sponsor of an "adopt-a-school" plan in prairie drought areas, plans immediate action urging the Dominion government to declare an "emergency" exists in parts of Saskatchewan, according to president A. C. Lewis.

Mr. Lewis, principal of the University of Toronto Schools, said the federation was planning to address letters to every member of Parliament urging the necessity of an emergency declaration.

The adopt-a-school plan achieved popularity in the east early this winter with several Toronto high schools and the University of Toronto Schools among the first to join. Most of the Saskatchewan schools "adopted" are one-room schools.

RELIEF QUESTIONS

OTTAWA (CP)—E. E. Perley, Conservative, Qu'Appelle, Sask., wants to know all about purchases made by the government for relief purposes in the three prairie provinces. Twenty ques-

"THERE'S THE GREATEST BUSINESS TIP OF A LIFETIME!"

Phyllosan Advertisements Have Shown Thousands the Way to Fortified Vitality... Lasting Power and Success

Success in business, like success in every walk of life, is largely dependent on an abundant supply of enthusiastic energy, strong steady nerves, robust driving power—and the winning good spirits that spring from a sound confidence in one's own physical powers. That is why, for thousands of business men, Phyllosan advertisements have been "the greatest tip of a lifetime." We are proud to be able to publish such sincere acknowledgments from business men as these:

"I have been taking Phyllosan tablets—with the result that I am as fit as I ever was, though I am just turned 55."

"Entirely due to the reconditioning and re-energizing effect of Phyllosan tablets, I was able to conduct a large business after a long period of inactivity due to nervous debility. I feel splendidly fit."

(Original letters can be inspected on application.)

The results attained through the simple use of these little tablets are almost invariably a happy surprise to their users—for their expectations are usually more than gratified. PHYLOSAN is the discovery of one of the world's foremost physicians (Dr. E. Buergi, Professor of Medicine at the University of Berne), and is prepared according to the formula established by him after 15 years of study and research. Phyllosan contains no animal extracts, no habit-forming drugs, no stimulants. A product whose primary ingredient comes from purely natural sources, Phyllosan cooperates with the natural processes of your body to help enrich your blood, strengthen your nerves, rebuild all your vital physical forces. And the beneficial effects are not temporary but lasting! Have you reached the age where so many men begin to slide downhill? Do you wake up without enthusiasm for the day's work? Do you find it difficult to concentrate? Do you become fatigued and dull easily? Does every petty job seem an impossible task? Are you easily depressed? Do you recognize your lack of enthusiasm and energy, and fear displacement by younger, more vigorous men? Are you afraid of the future? Then help yourself—by helping your body rebuild its wasted powers! Take advantage of the famous re-energizing and vitalizing potentialities of Phyllosan.

Just two tiny tablets, three times a day. Take them regularly and we believe the results will surprise you. Start making your comeback to lasting vigour of body and mind—and robust good spirits—start taking Phyllosan tablets today. Buy them at your druggist's... 85¢. (\$1.50 for double quantity).

FREE: A folder giving full information on PHYLOSAN, and what it can do for YOU. Write McGillivray Bros., Ltd., Dept. 6, Toronto.

The German-Austrian "Deal"

AUTHORITIES IN TOUCH WITH THE government in Vienna intimate that Anti-Nazi Chancellor Kurt von Schuschnigg expects Reichsfuehrer Hitler to make it clear to the world in his Reichstag speech on Sunday that Germany will respect the complete independence of Austria—directly and not incidentally. Herr von Schuschnigg evidently considers this the paramount quid pro quo for the "concessions" he made to Herr Hitler at Berchtesgaden the other day. Other points, more or less important, are involved in the "new deal" between the German-speaking nations.

In British official circles reports of bargaining between Austria and Great Britain before the Berchtesgaden meeting are emphatically denied. It is pointed out, moreover, that it is four years since the British, French, and Italian governments issued a joint communique declaring "conversations between the three governments have shown they take a common view as to the necessity of maintaining Austria's independence and integrity in accordance with relevant treaties." This stand was reaffirmed at the Stresa conference in 1935. No pledge of armed intervention exists in the event of Austrian independence being violated.

The French government—in accord with British policy—agrees that Austrian independence is "an essential element of European order." French "Leftists," of course, would like more action where the expansion of Nazi influence is concerned.

Official Italy is reported to have welcomed these most recent of European developments "with open arms" and contradicts "absurd and ridiculous comments" on Italy's attitude. Incidentally, Premier Mussolini's point of view has changed since he sent, in 1934, two divisions to the Austrian border as a warning to the Nazis after the assassination of Chancellor Engelbert Dollfuss. It is now the "open arm" to "collaboration" between "two great peoples which are profoundly bound together by race, language and common culture." This may be all to the good.

In the main, the British press detects no alarm in British official circles. "Fundamentally," says The Times, "a close understanding between the two German states is the most natural thing possible." The Yorkshire Post wonders, in effect, what Signor Mussolini got out of it. The Manchester Guardian suggests that Il Duce—a friend of Hitler, at odds with Britain and France, embarrassed at home and in the foreign field—"will do nothing." On the other hand, the Guardian implies, Mussolini's ambitions in Austria, Central Europe, and the Balkans, have been battered "for the rocks of Abyssinia and the waste of the Spanish war."

Saskatchewan's Election

UNLESS SOMETHING ENTIRELY unexpected happens in the meantime, the Saskatchewan government, headed by Premier W. J. Patterson, stands definitely committed to seek endorsement next June, says the Regina Daily Star on information learned from a reliable source.

A general election four years after taking office has been the rule in Saskatchewan, with the exception of that term in which Conservative Premier Anderson held power with a three-party coalition for nearly five years (1929-1934). In that Parliament, 23 Conservative, four Progressive and five Independent had a bare majority in a House of 63 members. The Liberal total was 26.

Every government in Saskatchewan has been overwhelmingly Liberal—with the exception of the one referred to above—since the formation of the province in 1905. The present Patterson administration is unique in that all the opposition that was elected to battle with it in the Legislature was composed of five Farmer-Labor members who, of course, have nothing in common with Conservatism. Membership, by the way, was cut from 63 to 55.

It would seem to follow, therefore, that the next test at the polls will furnish the traditional result, sufficient at least for the government's purpose, if not as emphatic as it was in 1934.

The Police Commission

THE NEW POLICE COMMISSION MET yesterday afternoon and agreed with the City Prosecutor that judgment in a recent police court case should be appealed. This action in itself presupposes that the Commission is alive to general reaction in all cases where there is doubt in the public mind that the dispensing of justice has not been in accord with evidence.

We take it that the proceedings of the Police Court—not merely because the Police Force and the City Prosecutor are directly involved—will now be watched more carefully by the Commission than ever before.

The views of the Local Council of Women at their meeting last Monday revealed that important organization's keen concern for the administration of justice generally.

Mr. Rowell and Trade

TO HON. NEWTON WESLEY ROWELL, K.C., chairman of the Royal Commission which bears his name, British Columbia's legislation which created a bureau of trade extension looks like "clear duplication." He gave voice to this expression of view yesterday after hearing Mr. G. Parmelee, deputy-minister of the Dominion Department of Trade and Commerce, and followed it with this remark: "If there is one thing the Dominion department should be competent to handle it is the development of export trade."

The Dominion Department of Trade and Commerce is an efficient department of the public service. Hon. W. D. Euler, its minister, is a competent and farsighted administrator. But no matter what Mr. Rowell may think, no matter what the attitude of the department in general or its minister may like to do, there are considerations in connection with Canada's trading, internally and externally—for they are in many respects interlocked—which lie more or less outside departmental scope.

How the West has been paying tariff tributes to industrial Central Canada is an old but painfully true story with us in this province. We know that the surplus wealth of Canada above the actual needs of her people tends to concentrate, and in fact does concentrate, in the two manufacturing provinces of Ontario and Quebec. The following table sets out the situation about which the West complains:

	Manufactured Products	Per Cent of Total
Ontario-Quebec	\$2,244,583,270	80.0
The Maritimes	126,809,368	4.5
The Prairies	237,838,201	8.5
BRITISH COLUMBIA	198,106,542	7.0
Canada	\$2,807,337,381	100.0

In other words, the result of this industrial centralization in Ontario and Quebec, together with a tariff designed for industrial protection rather than consumer protection, has placed Western Canada in the position of a contributor to wealth in which it does not share. It is this state of affairs, no matter what Chairman Rowell may think of the course British Columbia is pursuing to get more trade and industrial development, that induced Premier Pattullo to establish the new department. For he is not the man to sit down and wait in hope that an unjust condition will be corrected. He intends that British Columbia shall go after business on her own account—and his course, especially under the circumstances, is the correct one. In Trade and Industry Minister Asselstine he has a colleague who will get something done for ourselves.

The Last Gangster

THE OUTSIDE WORLD CANNOT LOOK very bright for Al Capone, whose name has again come into the news through reports that, with a year of his Alcatraz sentence yet to serve, he is going insane.

For one thing, there is a term of one year in jail, plus a \$20,000 fine, which awaits Capone in Chicago after Alcatraz. His attorneys are trying to have this conviction set aside, but even should Capone evade serving this additional time, he will encounter a different world when he leaves "the Rock." Prohibition, which bred the gangster, is gone. The strange hero worship which glorified the gangster is gone. The gangster himself is gone. Capone may emerge from his enforced retirement really to find himself as a movie recently portrayed his prototype—the last gangster.

Notes

It is not lack of justice that troubles the world, but inability to agree on a definition.

To be a great leader, observe which way the people are going, then get in front and cry: "Let's go."

GOVERNMENT AND RADIO

From Montreal Gazette
While the House of Commons is paying more or less attention to the government's radio policy, as expressed in the destructive course of the Canadian Broadcasting Corporation, it might be helpful if some consideration were given to the fact that state ownership in the radio field was never sought by the Canadian public any more than state ownership of railway was sought by them. If they were to be asked now what they think of the state's achievements in the radio realm the chances are that their reply would be very emphatic and, from the government's point of view, decidedly unpalatable. Their opinion, based on experience, can scarcely be less definite than that of radio listeners in the United States where radio broadcasting is in private hands and is regulated by the Federal Communications Commission. The Radio Daily of February 8 published the results of a questionnaire sent to 150 radio editors asking their views upon government control, government regulations and government censorship. The great majority answered with a definite "yes" or "no," while a few "pointed out various obvious detriments to public interest that would result from government control or censorship." In two instances British radio entertainment was declared to be inferior while one correspondent "dited the situation on the Continent; where the public is permitted to hear only such programs as propaganda-minded governments decree." Of these 150 radio editors 9 per cent expressed themselves as favoring government-controlled radio, and 91 per cent said "no." As to government regulation, 70 per cent were favorable and 30 per cent unfavorable, and, of these, 8 per cent approved of government censorship while 92 per cent were against it. These figures are illuminating, particularly in regard to the overwhelmingly adverse vote on the question of government control.

Loose Ends

By BRUCE HUTCHISON

SCARLET LETTER

ACCORDING to the Provincial Police, British Columbians are very fussy about their motor licenses. They want to get certain numbers. They want combinations of figures that they can remember easily. The police do their best to oblige. This year they are also instituting a new system of letters to indicate cars belonging to doctors and to other important people. This is a sound idea, but doesn't go far enough.

What we need are signs like those they have in England, where they place a scarlet letter on every car driven by a beginner in the art of driving. When you see the scarlet letter "L" for "learner" coming, you get out of the way. The police could easily devise a system of labels to mark all dangerous drivers here. If you saw a car carrying the scarlet letter "S" you would know you had to deal with a convicted and confirmed speeder. And "W" would stand for woman, who is almost invariably a menace in a car. "C" would mark the fellow who cuts in on you, and "F" the fool who never signals when he is going to turn.

Doctors already are marked, and everybody keeps out of their way, knowing that they are almost invariably speeding to a confinement or to their dinners, at an equal speed, but these other special cases should be distinguished. If every motoring dunce had to wear a dunce's cap you would find motoring much safer.

EPILOGUE

THIS IS a brief epilogue to St. Valentine's Day. I have just learned the facts from the little girl next door, and as she told me them in confidence I treat them accordingly, as usual.

"Of course," said she, "I got several valentines, you know, the usual sort. They're not very interesting, if you know what I mean. Just kids' valentines with hearts on them and fuzzy trimming and all like that, and I love you written all over them. If you want a real valentine, you've got to have a boy friend. Dorothy has a boy friend, and you ought to see the valentine she got. A big red box of chocolates shaped like a heart. That's what I call a valentine, not one of those silly cards with I love you written over it. It's all right, I s'pose to say I love you, but a box of chocolates means something. But I guess I won't ever get a valentine till I get a boy friend, and that will be years and years, years and years."

"You'll never get a boy friend," said her brother, "unless you stop pushing them in the face all the time."

"Says you," said she. "What would a little baby like you know about love?"

"Oooh," said he with a horrid sneer. "Well, what I was going to tell you, said she, 'was that I got a valentine for my teacher because it's nice to give your teacher a valentine, especially when she's a good teacher, you know, and not too hard on you. Well, I addressed the envelope very neatly, in ink, mind you, and I gave it to her in front of the class. And when she opened the envelope and all the girls staring and expecting to see a lovely valentine, well, there wasn't anything in the envelope at all. Where that darn valentine got to I don't know. And nobody'll believe that I wasn't just playing a mean trick on the teacher.'"

"Oooh," said her brother, "and what do you know about love?"

HEAVY READING

WELL, I TELL you, Mr. Posey said to me, "I do quite a lot of reading, but not much fiction. I haven't really got time for fiction with all the serious reading I have to do after a day's work. I take the Seattle P-I and the San Francisco Examiner, and by the time I've finished them I've got no time for light stuff. It takes a lot of time to study all the form sheets in both those papers if you want to keep up with the horses. A man has to do a lot of serious reading if he wants to keep up on those things. Of course, I've got a book of Blaine's Orations, and whenever I'm feeling low and discouraged I read a bit of that to kind of inspire myself up, and it's mighty good for that, though you can get the same feeling out of a sort of some beverage quicker, but of course it's more expensive. I guess there's a lot in this friction at that, though I never read a book along that line. Now you take this fellow Shakespeare. He must have had something from what I can hear about him. I never read any of his stuff, being busy with serious reading most of the time, but I've heard a lot of expressions that he made up, and some of them are pretty good when you come to think of them. But to tell you the truth, I just haven't got time to read Shakespeare because I have so much serious reading to do every night to keep up with things. I mean, you take one of those form charts. It takes you an hour to go over it thoroughly. I don't mean I bet on the horses all the time, but a man likes to keep up with the times, so I never did get around to Shakespeare and this other light reading I suppose it's a mistake."

"Reading," I said, with a faint remembrance of the classics, "maketh a full man that's Bacon."

"Yes, Bacon would," said Mr. Posey. "It's very filling. But if you want to make a full man there's quicker ways than that."

EXPORT OF POWER

From Fort William Times-Journal
As newcomers in the field of provincial politics, Premier Hepburn and Premier Duplessis may be excused for lack of experience in the question of power export and unfamiliarity with the arguments that have been deemed sufficiently strong to establish the policy of non-export of Canadian power surpluses. It might be well for Canada to consider the power situation very seriously, before allowing it to create a situation at some time in the future which will endanger the friendly relations existing between Canada and the United States. It is better to hesitate over power export rather than, by rushing into it, place Canada in a position from which it may be impossible, when the need arises, for her to extricate herself.

BURN KIRK'S COAL

"Does Last Longer"
G 3241 1239 BROAD ST.

JOSEPH ROSE

OPTOMETRIST
1013 GOVERNMENT STREET

BACK TO THE CLASSICS

To the Editor:—Merriman in his column attributes a saying to Francis Bacon which was uttered many centuries before his time. From Herodotus Coria 480 B.C.: "When Croesus attacked Cyrus and was defeated, taken prisoner and put on a pyre to be burned alive the rain suddenly put out the fire and King Cyrus ordered him off the pile and asked him 'O Croesus, who persuaded thee to march against my land.' Croesus answered 'It is the God of the Greeks, O King, who urged me on for no man is so senseless as to choose war rather than peace in which the children bury their fathers while in war the fathers bury their children, but so it pleased the Gods that thus it should be.'"

The saying, therefore, while traceable to Herodotus might not even be original to either Croesus or Herodotus, but born in still earlier times. Fathers apparently will still go on burying their children.

G. A. TISDALL.

"The Grange," Somenos, B.C.

THINKS LAST JAMBOREE

DISGRACE

To the Editor:—I see that the Canadian Legion has gone on record as opposing the idea of another Corps Reunion this summer in Toronto. I thought I would take this opportunity to say how much I agree with the good sense shown by the Legion.

If this reunion takes place, I wonder just how much of the taxpayers' money will be spent needlessly on it. If there were any real achievement from such a reunion, it would be different, but those who remember the last reunion in the summer of 1934 will admit that at least in spots it was a disgrace and did not enhance the good name of Canadian veterans. The idea was a good one then, bringing together, as it did, so many old comrades of war days, but a repetition of the reunion is likely to be a "glorified binge."

VIOLET TYNDALL.

WAR PROFITEERS

From Bridge River News
Grand Forks Gazette reports Japanese war demands for the approximately 20,000 tons of copper concentrates produced by the Copper Mountain and Allenby mining and milling operators of Granby Consolidated since June 1. At Coquitlam, 5000 tons are awaiting shipment to Yokohama. In the production of this output, many miners were enlisted from Bridge River, Cariboo and Vancouver Island mines for the reopening at Copper Mountain and Allenby of the properties. British sanctions against Japan would, of course, cut off this market, so the question is whether it is better to cut off the Japs from getting copper concentrate (and thus throw a great number of miners out of jobs) or keep miners in the west employed while the Japs shoot holes in unfortunate Chinese anatomies.

BURY THEIR MISTAKES

From Toronto Telegram
Mussolini's harsh criticism of democratic weakness is hardly sporting. These weaknesses are daily exposed; the faults of Fascism are buried under censorship.

Better English

By D. C. Williams

1. What is wrong with this sentence? "Neither John nor Frank were there." 2. What is the correct pronunciation of "banquet"? 3. Which one of these words is misspelled? Hunderdth, Hungarian, humanitarian. 4. What does the word "potential" mean? 5. What is a word beginning with ace that means "to emphasize"?

ANSWERS

1. Say, "was there," as in this case neither is singular. "Neither the boys nor the girls were there" is correct. 2. Pronounce bang-kwet, not ban-kwet. 3. Hunderdth. 4. Existing in possibility, not in actuality. "Every acorn is a potential oak tree." 5. Accentuate.

Parallel Thoughts

Confess your faults one to another, and pray one for another, that ye may be healed. The effectual fervent prayer of a righteous man availeth much.—James 5:16.

Heaven is never deaf but when man's heart is dumb.—Quarles.

Letters to the Editor

SWEDENBORG'S 250TH ANNIVERSARY

To the Editor—On this the 250th anniversary of Swedenborg's birthday, it is fitting to indicate how inappropriate the suggestions are whereby the most important results of his life's work should gain for him the doubtful designation of "mystic." For, if these results were of a mystical nature, why should they have appeared to such admittedly rational minds to be the exact opposite in character, as amply evidenced in the following testimony:

"I do not recollect but one day in all that interval—a day that I spent in New Orleans, where the editor of the Picayune drove me out to Lake Ponchartrain—that I did not pore from ten to twelve hours over these writings. In fact, they absorbed all my time that was not devoted to eating and sleeping. It would not be possible to convey to any one, who had not had a similar experience, the effect they produced upon me, the almost insane appetite with which I devoured them, the complete revolution that they wrought in all my opinions about spiritual matters, and especially about the Bible. Though, like the blind man in the gospel, I as yet only saw men as trees walking, before I reached home I had acquired a thorough conviction that 'these were not the words of him who hath a devil,' and that Swedenborg was 'a scribe instructed unto the Kingdom of Heaven.' It seemed to me that every line I read removed some difficulty, cleared up some doubt, illuminated some mystery, revealed spiritual wealth in the Word of which before I had no conception. If I had become possessed of Aladdin's lamp or had discovered a new continent, I could not have been more completely rapt; more wildly intoxicated with my acquisition. I felt literally that whereas I was blind now I saw; as if my eyes had opened to a world of which till then I had only seen the reflection of shadow. Saul of Tarsus could not have been more utterly surprised and carried away when 'there fell from his eyes' as it had been scales and he received sight forthwith, than I was as my mind was opened to the new truths which were revealed to me during this voyage. Before reaching New Orleans I found myself on my knees, exclaiming, 'Lord, I believe, help Thou my unbelief.' The terms in which the Rev. John Clowes described the im-

pression produced on him by his first perusal of Swedenborg's 'True Christian Religion,' would at one time have seemed to me rhapsodical and extravagant. They now seem to me perfectly natural and not in the least exaggerated.

"The Rev. John Clowes, formerly fellow of Trinity College, Cambridge, England, was the rector of St. John's Church, Manchester, for sixty-two years. He says: 'It is impossible for any language to express the full effect wrought in my mind by the perusal of this wonderful book. Suffice it, therefore, to observe that in proceeding from the chapter on the Creator and Creation to the succeeding chapters on... It seemed as if a continually increasing blaze of new and recreating light was poured forth on the delighted understanding, opening it to the contemplation of the most sublime mysteries of wisdom, and convincing it of the being of a God, of the existence of an internal world, of the interior sanctities of the Holy Scriptures, of the true nature of creation, redemption and regeneration, in a manner and degree, and with a force of satisfaction, evidence, in which those interesting subjects had never been viewed before. The mind, therefore, was no longer perplexed about the proper Object of its worship, because it was enlightened to see clearly, as by the light of a meridian sun, that Jesus Christ, in His Divine Humanity, is that Object. He being the Creator from eternity, thus containing in His own Divine Person the Sacred Trinity of Father, Son and Holy Spirit. In like manner all difficulties and doubts were removed respecting the Sacred Scriptures, or Word of God, through the bright and heretofore unseen manifestation of their spiritual and interior contents, by virtue of which discovery apparent inconsistencies vanished, apparent contradictions were reconciled, and what before seemed trivial and nugatory, assumed a new and interesting aspect; while the whole volume of Revelation was seen to be full of sanctity, of wisdom and of life from its Divine Author, and also to be in perpetual connection with that Author, who is its inmost soul—its essential Spirit and Life.'"

FREDERICK C. FRAZEE.
Brentwood, V.I.

Flower Baskets To Be Retained

An advance of \$750 towards any vote the city might give the parks department for hanging floral baskets this year, was granted by the City Council in estimates committee after Alderman James Adam, chairman of the parks board, had asked for \$1,423.

The larger amount was in the parks estimates which the Council did not reach yesterday, but funds were needed immediately to purchase moss for the baskets and start their preparation, Alderman Adam said.

"I can't see it," Mayor Andrew McGavin remarked when the alderman asked for the larger sum. "It is about the same figure you had last year and you already have the baskets."

W. H. Warren, parks superintendent, gave an explanation of the requirements, referring particularly to the increased costs occasioned by higher wage rates in force this year.

Alderman John A. Worthington suggested the work be done by relief labor and proposed a vote of \$750 be passed to start the work. The vote was approved.

BUILD UP

"ACID INDIGESTION" GOES FAST

WHEN YOU ALKALIZE EXCESS STOMACH ACIDS WITH "PHILLIPS"

The fastest way to "alkalize" is to carry your alkali with you. That's what thousands do now that genuine Phillips' comes in tiny, peppermint flavored tablets—in a flat tin for pocket or purse. Then you are always ready.

Use it this way. Take 2 Phillips' tablets—equal in "alkalizing" effect to 2 teaspoonfuls of liquid Phillips' from the bottle. At once you feel "gas," nausea, "over-crowding" from hyper-acidity begin to ease. "Acid" headaches, "acid breath," over-acid stomach are corrected at the source. This is the quick way to ease your own distress—avoid offense to others.

THE ORIGINAL IN LIQUID FORM

For use at home and with children millions ask for genuine Phillips' Milk of Magnesia in its original form.

W. H. DAVEY IS WARD LEADER

Elected President of Ward Five at Annual Meeting; Other Officers Chosen

W. H. Davey was installed as president of Ward Five Liberal Association at the annual meeting held last night in Liberal headquarters. R. V. Jenkins was returned as vice-president, E. M. Whyte secretary and B. F. Shephard treasurer.

H. E. A. Courtney, Mrs. J. S. Atkins, Alderman J. Worthington, Ronald William Fairclough, Mrs. L. Barnes and Mrs. J. L. White will compose the new executive board. H. E. Courtney and R. V. Jenkins were appointed to the general executive. W. J. Scott was re-elected honorary president and C. J. McDowell honorary vice-president.

E. M. Whyte retiring president, in his annual report, noted that during the last two years that he was president of the ward, strenuous times were encountered, with two Dominion by-elections and a general Provincial election transpiring.

"Thanks to your co-operation and assistance we have made a splendid showing, bringing Ward

Five, which had always been conceded as a Conservative Ward into a position where we gave a Liberal majority of 50 in the 1936 by-election, then about 100 in the Provincial election and 326 in the last by-election," the retiring official pointed out.

Mr. Whyte summarized the activities of the Ward during the last 12 months and thanked the officers and executive members for their support during the year and extended congratulations to the incoming board.

The treasurer's report showed a small bank balance.

During the course of a short address, Carew Martin, president of the Victoria Liberal Association, urged all the members to get behind their ward and give it their fullest support. He told them to keep attending regular meetings and thus keep the organization alive so that it could go into action at a minute's notice. Mr. Martin spoke highly of Prime Minister W. L. Mackenzie King, declaring that he would go down in history as the greatest Canadian who ever lived.

E. E. Bell, president of the Saanich Liberal Association, told the gathering that he was firmly convinced that if the Liberal Party had been elected in 1930 the masses would not have had such a hard time during the depression years. The Conservative policies, he said, did not fit in and made things worse than they should have been. He said he was a Liberal by conviction, not by birth and as he was convinced Liberalism was the best offered at the present time for the masses, he supported it.

TEACHERS ASK PAY CUTS BACK

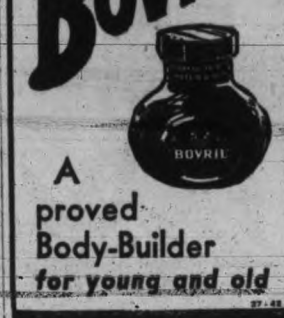

Partial restoration of 1932 salary cuts was sought by a delegation of teachers which met the Saanich School Board last night. No decision was given by the board, the matter being left over until final consideration of this year's estimates.

The 1938 budget was given further consideration by the trustees but final compilation was tabled for a later meeting. The estimates are to be completed by February 28.

A request from the Mt. Douglas Parent-Teacher Association for certain improvements at the school was also left over for estimates.

DAVID SPENCER LIMITED

Describes Odd Stars to Group

Robert Peters Tells Astronomical Society About "Winking Stars"

The study of "winking" stars, their significance and peculiar adaptation to the facilities of amateur astronomers, was described

The board failed to support a motion from Trustee William Tomes that the chairmanship of the board should be confined to not more than two consecutive years. He advocated the change in the interests of greater efficiency and when cooperation between the motion received no second.

by Robert Peters, vice-president of the Victoria Astronomical Society, to the members of the group last night at the Y.W.C.A.

One hundred years ago little was known of the characteristics of the stars but throughout the last century astronomers had calculated their magnitude, distance from the earth and brightness. "Winking" stars Mr. Peters said were stars which came into brightness and then faded, and by their change in position and luminosity, distances and magnitude were but questions of mathematical figuring. Mr. Peters illustrated his lecture by means of lantern slides and blackboard calculations.

Previous to Mr. Peters' address Stanley Fairhurst, a junior member spoke on his visit to the Adler planetarium in Chicago. It was a miniature replica of the celestial bodies in the ceiling of a

large room. Illustrated lectures on astronomy were given appropriate to the season of the year. Mr. Ferris described the planetarium as "a drama with the celestial bodies as actors."

It was announced to the meeting Boyd Bryden, member of the local organization, had been elected to the general council of the Royal Astronomical Society of Canada.

Schoolboys are the most numerous class of fur trappers in California now, according to a recent study of the state's fur-bearing animals.

A goldfish hatchery in Indiana sends its goldfish to New York in a truck equipped with a "special engine" so that fresh air is forced constantly through the water in the big truck tank.

British housewives save \$90,000 annually through the use of domestic refrigerators, according to estimates.

An electric cleaner to suck dust and lint off typewriters and adding machines has been devised.

BUY "LYSOL" FOR FEMININE HYGIENE because...

"LYSOL" HAS THESE SIX SPECIAL FEATURES

1. Safety... "Lysol" is gentle and reliable. It contains no harmful free caustic alkali.
2. Effectiveness... "Lysol" kills germs under practical conditions—even in the presence of organic matter (such as dirt, mucus, serum, pus, etc.). Some other preparations are not effective when they meet with these conditions.
3. Penetration... "Lysol" solutions, because of their low surface tension, spread into hidden folds of the skin, and thus virtually search out germs.
4. Economy... "Lysol" because it is concentrated, costs less than one cent an application in the proper solution for antiseptic feminine hygiene.
5. Odor... The cleanly odor of "Lysol" disappears promptly after use.
6. Stability... "Lysol" keeps its full strength, no matter how long it is kept, no matter how often it is uncorked.

The regular use of "Lysol" in assuring personal antiseptics gives poise—confidence—charm. Learn how exquisitely, wholesomely clean and confident the regular practice of feminine hygiene with Lysol makes you feel. Get a bottle of "Lysol" from your druggist.

BUY "LYSOL" HYGIENIC SOAP FOR YOUR HOME

It's a money-saver and a delight! Lathers richly and easily in hard or soft water... lasts and lasts and lasts... removes germs and odors but leaves no medical after-odor itself.

SEND FOR "LYSOL vs. GERMS"

This booklet contains vital facts about feminine hygiene and other uses for "Lysol". It will answer many questions that are in your mind. Send for it.

Golf Week To Be Festive Affair

Dinners and Dances Highlights Of March Tournament

Entertainment for the visiting and local players participating in the tenth annual winter golf tournament to be played at the Colwood Golf Club on March 7 to 12 was arranged at a meeting of women members of the various golf clubs yesterday afternoon.

The gathering was held in the Elizabethan room at the Empress Hotel, Mrs. Charles E. Wilson, general convener of the social committee, being in the chair.

COCKTAIL PARTY

The social round will commence on Monday evening, March 7, with a cocktail party in the Tudor grill of the Empress Hotel, the arrangements for which are in the hands of Mrs. H. F. Crowe and Mrs. C. W. Pangman. This informal gathering is designed to welcome the visiting players and give them an opportunity of meeting the local golfers.

On Wednesday evening, March 9, there will be a dinner dance, for which Mrs. W. P. D. Pemberton and Mrs. A. K. Mitchell will be joint conveners. Assisting them will be Mrs. Hew Paterson, Mrs. David Spencer, Mrs. J. H. Wilson, Miss Gladys Irving, Miss Jean Campbell, Miss Marjorie Prior, Mrs. George Hall, Mrs. W. G. Crawford, Mrs. E. N. Horsey, Miss Ines Carey, Miss L. Michaelis and Miss Elizabeth Ruggles.

CABARET FINALE

As a grand finale to the week's events, a cabaret will be held at the hotel on Saturday evening, March 12. Mrs. Chas. E. Wilson will be the soloist in a gay cabaret turn, patterned on an Italian fiesta.

Assisting Mrs. Pangman and Mrs. Crowe, who head the entertainment committee, are Mrs. A. T. Goward, Mrs. J. Graham-Graham, Mrs. Lennox Irving, Mrs. B. R. Philbrick, Mrs. David Spencer, Mrs. F. M. Bryant, Mrs. W. A. R. Hadley, Mrs. H. A. Tomalin, Mrs. E. D. Todd, Mrs. L. O. Howard, Miss J. Lennox, Miss E. Heisterman, Mrs. John Macdonald, Miss Norah Wilson, Mrs. W. B. Leach, Miss Ruth Jones, Miss Ruggles, Miss B. Bullock-Webster, Mrs. R. B. Wilson, Mrs. J. H. Richardson, Mrs. W. N. Lawson, Mrs. A. J. Gray, Mrs. W. G. Crawford, Mrs. Arthur Dowell, Mrs. H. G. Mackenzie, Mrs. H. C. Bennett, Mrs. A. C. Stickley, Mrs. H. P. Hodges and Mrs. Sheffield.

The transportation arrangements will be in charge of Mrs. R. B. Horton (convener), Mrs. W. H. Squire and Mrs. Sheffield. The following will have charge of entries: Mrs. H. F. Crowe, Colwood; Mrs. C. W. Pangman, Victoria; Mrs. T. South, Uplands; Mrs. H. H. Allen, Gorge Vale; Mrs. G. Silburn, Macaulay; Miss D. Fraser, Ardmore, and Mrs. James Macfarlane.

Tea was served at the meeting, which was held in the Elizabethan room, Mrs. Pangman and Mrs. Crowe presided at the prettily-appointed tea table.

Gen. Eva Booth To Retire Soon

LONDON (CP-Havas) — General Evangeline Booth will retire next Christmas as Commander of the Salvation Army, international headquarters of the organization announced her yesterday.

At that time she will have reached the age of 73 years, which has been recognized as the retirement age for the supreme chief of the Salvation Army.

Under the procedure laid down for choosing a successor, it is necessary for members of the supreme council of the organization to gather from all parts of the world. No date has yet been set for such a meeting.

The public feeding of the bears in Yellowstone Park each evening is sometimes attended by extra guests—ravens, coyotes and seagulls.

Sails for Honolulu

Mrs. Fred Robertson of "Drumadon," Cadboro Bay, who sailed aboard the R.M.S. Aorangi yesterday afternoon for Honolulu, where she will spend the next few months visiting relatives and friends.

Society

Mr. and Mrs. J. O'Connor, Princess Avenue, will leave at the week-end for Seattle on their way to visit for a few weeks in San Mateo, California.

Mr. and Mrs. Harry Stewart, Simcoe Street, returned this afternoon from Seattle, where they have been spending the last few days.

Mr. E. B. Andros, Beach Drive, and his niece, Miss E. E. Goodman, who have been spending the winter in California, will leave La Jolla on February 19 by automobile, en route for Victoria.

Mr. and Mrs. Ronald Wattie, formerly Miss Roseanne Bullen, who have been spending the last month in Southern California, returned to Victoria yesterday and are resident at 906 St. Charles Street.

This afternoon at her home on Rockland Avenue Mrs. B. Russell Ker was hostess at a largely-attended tea party, and tomorrow afternoon she will entertain with two tables of mah jong in compliment to Mrs. Herbert Wilson of Perth, Ontario.

Miss Barbara Henderson of Vancouver, assistant to Rev. Andrew Roddan at the First United Church, Vancouver, is convalescing in Victoria after her recent illness and is the guest of Mr. and Mrs. Charles Hudson, Oak Bay Avenue.

Musical coteries in the city will be interested to learn that Mr. Carl Horthy, well-known Victoria tenor, appeared in recital before the Women's Canadian Club in London, England, on February 10, before leaving for Italy to fulfill an engagement at Milan.

Mr. and Mrs. Robert Douglas were guests of honor at a farewell party, Saturday evening, given by Mr. and Mrs. W. J. Holland, Davie Street. Mr. and Mrs. Douglas left yesterday for New York, and will sail next Wednesday on the Queen Mary for England, where they reside in the future.

Mrs. F. Pilcher of Vancouver has returned to her home on the mainland after a short visit in Victoria, during which time she was the guest of Hon. G. M. Weir and Mrs. Weir, Oak Bay. Yesterday Mrs. Weir was hostess at a luncheon party at her home, "The Oaks," when covers were laid for 12 at a table arranged with daffodils, blue iris and narcissi, flanked by silver candelabra holding green tapers.

Fifteen tables were in play at the bridge party held by the Metchison Tennis Club, at the home of Mr. and Mrs. A. D. Ellwood, Ivygreen, Metchison, on Monday evening. The winner of the gentlemen's first prize was Mr. Randall Mathews; second, Mr. Jerry Bell; consolation, Mr. J. M. Milne. Miss Nora Helgesen was the winner of the ladies' first prize; the second going to Mrs. E. R. Johnson, and the consolation to Mrs. Watson. Sooke.

Pay Tribute To I.O.D.E. Founder

Local Chapters At Annual Tea; Record of Service

Tribute to the memory of Mrs. Clark Murray, who founded the I.O.D.E. in Montreal on February 13, 1900, was paid by local members of the order at the annual Founders' Day tea, held in the headquarters yesterday afternoon under the auspices of the Municipal Chapter.

Mrs. A. H. C. Phipps, municipal organizing secretary, gave an address in which she reviewed the growth of the order from its inception until today, 500 chapters having been formed in Canada and the Yukon, and in India, Newfoundland and Bermuda the membership having reached a total of approximately 20,000.

She outlined its accomplishments, recalling the work done during the Great War, when \$5,000,000 was collected for a hospital base, cots in military hospitals were endowed, nurses maintained, comforts provided for soldiers, and ambulance and field kitchens equipped. The war memorial, for which half a million dollars was raised for bursaries and scholarships was a lasting memorial to the sacrifice of Canadians in the field of child and family welfare, great strides had been made, "a great chain of constructive patriotic work," Mrs. Phipps declared.

The Municipal Chapter executive had charge of the arrangements, Mrs. P. Cunningham, Municipal endowment convener, being responsible for the tea arrangements, assisted by Mrs. Wallace Wilson and Mrs. Bob Shanks. The tea table was arranged with a bowl of red tulips, white narcissi and daffodils, the gift of Mrs. W. H. Brown, and was presided over by Mrs. Geo. Miles and Mrs. Kyrie Symons. Assisting in serving were Miss Helen Colman, Miss Dorothy Geake, Miss Peggy Mulliner and Miss Estelle McDougall.

OBYPA

The Oak Bay young people held a successful Valentine social on Tuesday evening when they were hosts to the James Bay young people. A record crowd of young people attended and thoroughly enjoyed themselves. Progressive games were in charge of Bert Simpson. Refreshments were served on tables prettily decorated with hearts, the preparing and serving being credited to Jean Alexander, who was in charge; Nancy Hepburn and Mabel Simpson.

Nancy Hepburn then presented the prizes, three of which were won by James Bay young people and one by Oak Bay. Bert Simpson asked the young people to remember next week's program and be sure to be present. The evening came to a close with the repeating of the Mizpah benediction.

ROYAL CITY

PORK AND BEAN CASSEROLE

Combine 1 can of Royal City Vegetable Soup with 1 can of Royal City Pork and Beans, 1 cup of chopped left over meat, 2 tablespoons of tomato juice and sprinkle with bread crumbs or Corn Flakes. Place in the oven and bake. Serves 5 to 6.

Presbyterian Women To Meet

The Victoria Presbyterial of the Presbyterian W.M.S. will hold its annual meeting in St. Andrew's Church on Monday evening and Tuesday next, Feb. 21 and 22. The agenda follows:

Monday, 8 p.m. — Devotional; welcome extended to delegates; Mrs. F. W. Allott; greetings from Presbytery, Rev. James Hyde; greetings from Synod, Rev. T. H. McAllister; offering; solo, Mrs. E. Ridgway; address, Miss Lamont; report of corresponding secretary; prayer and benediction.

Tuesday, 10 a.m. — Devotions, St. Paul's Auxiliary; resolutions committee; minutes of last annual meeting; departmental reports; report of Chinese, Miss G. Scott; question box, Miss Lamont; closing prayer, Mrs. J. R. Eldridge.

Luncheon—12.30 at Y.W.C.A. Afternoon 2 p.m. — Devotions, Sooke and Alberni; minutes of morning session; address, Miss Lamont; treasurer's report; offering; dedicatory prayer, Mrs. F. W. Allott; adoption of reports; report of resolutions committee and nomination committee; election and installation of officers; appointment of nomination committee, 1939; closing prayer, Mrs. A. A. McKinnon.

Spencer Choir At Colwood Hall

The David Spencer Choir will give a concert in the Colwood Community Hall tomorrow evening at 8.15 in aid of the Women's Auxiliary of St. John's Church, Colwood. The program will consist of selections by the choir and vocal selections by the following soloists: Mrs. S. J. Shanks, soprano; Miss A. Sangster, contralto; John Bray, baritone, and Frank Tupman, tenor. G. Turner of the Colwood Community is arranging all details for the concert.

QUEEN VISITS LONDON SLUMS

LONDON (AP) — Watchman Joe Thomas, who works nights, snored peacefully through a surprise visit Queen Elizabeth paid to his two-room flat. The Queen, visiting London areas in which slum clearance is in progress, chatted with many housewives. Most of her impromptu hostesses failed to recognize Queen Elizabeth. "I thought she was just a lady," said one.

600 Guests At Rideau Hall

Their Excellencies
Hosts At Big
Reception Last Night

OTTAWA (CP) — Six hundred guests were received last night by Lord and Lady Tweedsmuir at the first of their two receptions held each year in Rideau Hall.

Rosy-hued tulips and cyclamen intermingled with narcissus and Easter lilies were used to decorate the drawing-rooms and ballroom, and banked the banquet supper tables in the racquet courts.

The guest list included Prime Minister Mackenzie King, members of the diplomatic corps, the cabinet ministers, the High Commissioner in Canada for the United Kingdom, judges of the Supreme Court and Exchequer Courts, members of the Senate and Commons, officers and officials of His Majesty's defence forces and civil servants.

Black net designed with a voluminous skirt, low neckline and narrow shoulder straps formed the gown of Her Excellency. Medals were pinned to her bodice and she wore pearls and a diamond tiara.

To Lead Debate

Miss Ray Adamson, secretary of the Students' Council, who, with Miss Gladys Staverman, will represent Victoria College in a debate with a woman's team from the University of Washington on the subject: "Resolved that if Great Britain and U.S.A. co-operate they can keep out of war." The local girls are taking the negative. The debate will be held at Victoria College Friday evening at 8 and will be open to the public.

Society

After spending a few days skiing at Mount Baker, Dr. and Mrs. H. M. Cassidy of Beach Drive, returned today to Victoria.

Mr. Lee Foley, well-known dancing teacher of Seattle, has returned home after spending a few days in Victoria, guest-teaching at the Russian Ballet School. While in the city he was registered at the Empress Hotel.

Mr. and Mrs. J. H. Fletcher, Rockland Avenue, who have been visiting in California for the last few weeks, have returned home. Mr. and Mrs. S. J. Drake, who accompanied Mr. and Mrs. Fletcher on their trip to California, are remaining in the south for a longer visit.

Special music will be played by the hotel orchestra during the tea-hour at the Empress Hotel on Saturday afternoon. The programme will include selections by Moskowski; the overture to "The Barber of Seville" (Rossini), waltzes from "The Student Prince," and gems from Victor Herbert's musical comedies.

A birthday tea will be held at the home of Mrs. P. H. Kelly, 641 Manchester Road, in honor of Mrs. E. A. Carlow on her 74th birthday tomorrow, at which time there will be open house to all old and new friends from the hours 2 to 6 and 7.30 to 9.30. Mrs. Carlow is a pioneer of Victoria and before her marriage was Miss Jessie Irvine of Cedar Hill.

Mrs. J. Townsley, 422 Simcoe Street, opened her home yesterday afternoon to the St. John's Ladies' Guild for a Valentine tea. The table, covered with a white cutwork cloth and centred with a crystal bowl of red tulips and pussywillow, and flanked by red and green tapers, was presided over by Mrs. E. Hall, Mrs. C. Tice and Mrs. G. Hurst. During the afternoon the guests were entertained by pianoforte solos by Miss Myra Batchelor and Miss Vera Bailey, who later accompanied Mrs. L. Batchelor in several vocal solos. Rev. G. R. V. Bolster expressed the appreciation of the guild to Mrs. Townsley for her hospitality.

Mrs. J. O. Cameron was hostess to the members of Epsilon Sigma Alpha fraternity last night at her home, "Roseboro," Moss Street. Miss Agnew was the guest speaker and gave an interesting description of her recent travels to Normandy, Czechoslovakia, Austria, and Paris, and showed many attractive souvenirs of the various countries visited. During the evening a presentation was made to Miss Eleanor Trotter, a bride-to-be, of a silver entree dish from her fellow members. Mrs. P. B. Scurrah presided at the supper table, which was artistically arranged with Japanese plum blossoms and Valentine favors. The other guests including Miss Patricia Holden, Miss Alexa Cruickshank, Mrs. W. Butler, Miss Mildred Baxendale, Miss Rena McCutcheon, Miss Louise and Olyvine Ormond, Miss K. McIntyre and Miss Thelma Grün.

Mr. and Mrs. J. K. Hodges entertained the staffs of the Empress Hotel at a delightful dance in the Tudor grill last night, the affair being attended by about 250. Mrs. Hodges received the guests in a charming gown of powder blue chiffon, and wore a beautiful corsage bouquet of mauve orchids, the gift of the staffs. Dancing took place to the strains of the hotel orchestra, led by W. F. Tickle, and a floor show was much enjoyed. Mr. John Bell, one of the hotel cooks, sang "Song of Songs" (Moya) and "Ah, Sweet Mystery of Life" (Victor Herbert), and pupils of Florence Clough gave several attractive dance numbers. A buffet supper was served.

Mrs. Fred Glendinning entertained last night at her home on Eberts Street, in honor of Miss Gladys Abbott, whose marriage will take place next month. The bride-to-be received her gifts from a prettily-decorated cosy corner, the decorations being carried out in Valentine colors. The supper table was attractive with a red centre, Valentine hearts, and tall red tapers. Bridge and games were played during the evening. The guests included: Mrs. L. Abbott, Mrs. MacCulloch, Mrs. Breeze, Mrs. Barlow, Mrs. J. C. Warren, Mrs. P. Richards, Mrs. A. Norris, Mrs. H. Wood, Mrs. D. Abbott, Mrs. W. Walker, Mrs. B. Milliken, Mrs. W. Stark, Mrs. K. Ulrich, Mrs. L. Edwards, Mrs. L. Edwards Jr., Mrs. Robertson and Misses G. Abbott, R. Norris, J. Stark, C. Barlow and J. Glendinning.

"Shoal View," Beach Drive, the home of Mrs. Thomas Harrison, was the scene yesterday evening of a kitchen shower given by Mrs. Harrison in compliment to Miss Dora Higgins, whose marriage to Mr. Charles Turner will take place in March. The gifts, concealed in a white box adorned with Valentine motifs, were presented to the bride-elect by little Maureen and Tommy Harrison, while corsage bouquets of red carnations and white narcissi were also given to Miss Higgins, Mrs. W. Higgins and Mrs. W. S. Turner. The supper table was centred with red carnations, red tulips and white narcissi, and red and white formed the color scheme in the other decorations of the rooms. The other guests included Mrs. A. Dakers, Mrs. T. Wallace, Mrs. W. Dempsey, Mrs. J. Small, Mrs. C. G. Carnegie of Colwood, and the Misses Peggy Merton, Mary Gootenka, Edina Wallace, Irene Wallace, Gladys Harrison, Phyllis Roberts, D. Raeside and Vida Dakers. The winners of prizes were Miss Higgins, Mrs. Higgins and the Misses Vida Dakers, Irene Wallace, Peggy Merton and Edina Wallace.

VANCOUVER (CP)—A. G. Harvey, former alderman, was unanimously re-elected chairman of the metropolitan health committee at its annual meeting Wednesday. He has served as chairman since the board's inception. George C. Cunningham was re-elected vice-chairman and C. E. Birch secretary.

Smart for Spring Activities!

There's a refreshing newness about these ties for spring. The gleaming patent overlay, the fine stitching, and the "silhouetted" perforations. They are good mixers with every ensemble.

DID YOU GET A THRILL?

When you saw, for the first time, those delightful spring shoes in our windows today? Did you visualize your smart ensemble for spring?

STEP INTO SPRING IN NEW ...

Softer, Easier SHOES

Right on the heels of the new "loose-looking" clothes they come! A tribute to 1938 fashion ... with glories of comfort carefully concealed. Why do we call them "softer ... easier?" Because they have new soft scallops to trim them ... new soft perforated designs to decorate them ... new soft lines to their silhouettes ... and new soft fabrics and leather to build them!

GABARDINES

NAVY! BROWN! BLACK!

Just the colors you've been seeking in this fashion fabric for spring. More beautifully styled than ever, yet without sacrificing comfort and perfect fitting.

CATHCART'S

1208 DOUGLAS STREET

HOBBS-PARTINGTON

At high noon Tuesday in Nanaimo Rev. Father McLellan read the marriage service between Alice Pauline, elder daughter of Mr. and Mrs. J. F. Edge-Partington and Mr. Leslie Richard Hobbs, son of Mr. H. R. Hobbs the late Mrs. Hobbs of St. Paul's, Alberta.

The bride was attended by her sister, Miss Winnifred Partington, and Mr. Albert Cromarty of Vancouver was groomsmen. Miss Marjorie Kilgour played the Wedding March, and during the signing of the register Mrs. C. McCarthy sang "Ave Maria," accompanied by Miss Kilgour. Mr. R. H. Ormond proposed the toast to the bride.

The service was at the home of the bride's parents on Kennedy Street, and following it luncheon was served to the many guests. Mr. and Mrs. Hobbs left later on their wedding trip south and will return to make their home in Vancouver.

PHILPOT-ARTHUR

A quiet wedding was solemnized at St. John's Church, Duncan, on Tuesday afternoon, when Rev. H. T. Archbold united in marriage Annie, eldest daughter of the late Mr. and Mrs. H. W. Arthur, and Frederick, eldest son of Mrs. F. W. Philpot and the late F. W. Philpot of Duncan.

The bride wore a smart traveling suit, and was given in marriage by her brother, W. H. Arthur, Roy Philpot acting as best man. The church was decorated for the occasion by friends. After a short honeymoon the young couple will make their home in Somenos.

New Parcel Post Service to Spain

OTTAWA (CP) — The Post Office department in a bulletin announces the parcel post service to all parts of continental Spain has been resumed under certain conditions. Included among them is that the name of the province must appear in the address, the service will be confined to uninsured parcels, and parcels will be accepted at the senders' risk only.

The regular meeting of the Douglas Street Baptist Society took the form of a Valentine social on Tuesday. The games and contests, under the leadership of the social convener, Margaret McKinnon, and her committee, which included Alice Russell, Peggy Webb, Lucy Harding and Bob Gilchrist, were thoroughly enjoyed by the many young people present. During the evening a delightful recitation was given by Betty Mayar. After the refreshments, which were served from an appropriately decorated table, a Valentine sketch entitled "Wanted, a Wife," was presented by the committee in charge. Next week Group 2 will lead the meeting.

Scientists have found that hams can be given the flavor of southern-style aging in a few weeks, by a heating procedure.

Pipers' Annual Ball Tomorrow

The pipe band of the First Battalion, the Canadian Scottish Regiment, will hold its eighth annual dance in the Foresters' Hall, Cormorant Street, tomorrow night, starting at 9. The grand march will start at 9.15 led by pipers of the band. Dancing will continue until 2.

The committee in charge of the general arrangements is composed of Pipe Major A. Wallace, W.O. Sergt. Charles Milton, and Acting Sergt. John Milton. Mrs. Alex. Wallace is convener of the supper arrangements, and Tom Wallace will again act as master of ceremonies.

Included among the invited guests are Brigadier J. Sutherland Brown, Col. D. R. Sargent, Col. H. C. Greer, Col. R. Coyle (U.S.A.), Lieut. Col. C. E. Connolly, Lieut. Col. J. R. Kingham, Lieut. Col. Walter Barty, Lieut. Col. Brooke Stephenson, Major J. C. Murchie, Major E. A. Henderson, Capt. N. Gibson, Capt. C. H.

Rutherford, and Pipe Major Donald Cameron, W.O.

Tickets may be obtained from any member of the band or at the Horse Shoe News Stand, Government Street.

HOROSCOPE

"The stars incline, but do not compel."

FRIDAY, FEBRUARY 18, 1938
Conflicting planetary aspects rule today, according to astrology. It will be a day of uncertainty and frustration unless positive attitudes of mind are sternly cultivated. Mars is in a threatening aspect which precipitates quarrels and clashes. The configuration stimulates uprisings, plots and contempt of authority; it encourages revolutionary tendencies. Leaders are under a sway which strengthens their will and encourages their policies. Business heads and government officials are well directed. This is an auspicious date for entering into compact regarding trade and commerce and for the signing of important papers.

The later hours of the day promise honors and important appointments for women. The stars promise an increase in the number of women elected to office and the rise of new celebrities in business and the professions. Winter sports continue under the most stimulating planetary influences, but accidents due to severe storms may be expected before the end of the month. Persons whose birthdate it is have the augury of a year of exceptional good fortune though there may be a lawsuit involving a great deal of money. Children born on this day should be strong physically and mentally. Subjects of this sign of Aquarius with Pisces traits are usually practical and successful. Anders Zorn, famous Swedish artist, was born on this day 1860. Others who have celebrated it as a birthday include August Belmont, financier, 1863; Louis C. Tiffany, artist, 1848.

Year Divides Twins

COLLIE, Australia—Mrs. Gwen Birch's twins were born in different years, a girl came December 27 and a boy January 1, all doing well.

In general, if you dig into the earth's crust, you find it one degree hotter each 56 feet; but in Yellowstone Park's geyser area the heat increases one degree almost every foot.

LAUNDRY LIMITED

"Rumpelstiltskin" In Puppet Show

In the auditorium at St. Ann's Academy on Friday and Saturday evenings, at 7.45, a novel entertainment will be given under the auspices of St. Ann's Alumnae, featuring Victoria's first trained marionette troupe, together with Mr. F. Merryfield the magician.

This performance revives the puppet theatre of the Middle Ages, which, outside of Italy and France, has survived to our own times only in the form of the Punch and Judy Show.

Under the direction of Miss Sheila Boyd, the Punchinello Puppet Players will produce the play "Rumpelstiltskin," and Mr. Merryfield has arranged a diverse and interesting program of conjuring which will mystify the entire audience.

Tickets may be obtained at Elsie's Gift Shop, 629 1/2 Fort Street, or at the door on the night of the entertainment, or through members of the alumnae.

Esquimalt Community Club will hold its card party Friday evening at 8 at the home of Mr. and Mrs. T. Jennings, 335 Victoria View Road.

"His daddy calls him Toughie —"

"—and says he looks like a 1938 hockey forward. The doctor gives a lot of the credit to Borden's St. Charles Milk. Says it's easier for babies to digest, especially nourishing, and always safe! In fact, all our family like St. Charles Milk!"

You have only to taste Borden's Evaporated Milk as it comes from the can to appreciate how fresh it is, how like natural, rich cream. And it is irradiated for an added supply of the essential Vitamin D. St. Charles Milk makes you a smoother, creamier cup of tea or coffee and improves every recipe calling for milk. Be sure to ask your grocer for Borden's Evaporated Milk.

NEW MISSION TO AID NEEDY

Clothing, Books and Furniture Asked For Rooms at 550 Yates Street

To help needy men by providing them with social rooms and by serving as a centre for the distribution of clothing and other necessities, the Open Door Mission will open at 550 Yates Street, on the ground floor of the old St. Francis Hotel, within the next few days.

The mission will be open during the day and evening to any who wish a place to write letters and read.

It will also serve as a clearing house where men in relief camps may obtain a supply of reading material, and clothing will be passed out to needy cases.

Thomas Daniel Jones, founder of the mission, asks contributions of discarded clothing, shoes, furniture, magazines and books.

Masonic Choir Program Ready

In preparation for the joint concert to be given by the Shrine Band and the Masonic Choir in the Empress Hotel on March 2, the latter organization has been practicing its concert numbers since the middle of December, and should give a fine account of itself in this its first really public performance in aid of its own music fund.

Under the direction of Cyril C. Warren, with George Peaker as accompanist, the choir has prepared the following numbers for the concert program: "Hymn Before Action," "Sleeping," "Be-leaguered," "All In An April Evening," "A Wet Sheet and a Flowing Sea," "O Perfect Night," "Morning," "Absent," "John Peel," "Cornfield Melodies," "On Wings of Song" and "Goin' Home."

Two operative numbers may be given in conjunction with the band. These will be the "Soldiers' Chorus" from "Faust" and "The Pilgrim's Chorus" from "Tannhauser."

Tickets have been distributed among the members of the Masonic Choir and the Shrine Band. The proceeds will be used to purchase music so as to provide new programs for the many worthy causes these two units support.

Music Teachers Name Officers

The annual meeting of the Victoria Music Teachers' Association was held on Wednesday at the Y.W.C.A. with the president, Reginald Cox, in the chair. A hearty vote of thanks was ac-

corded the treasurer, Miss Roberts, for her untiring efforts on behalf of the association. The members showed their appreciation of the splendid work done by Mr. Cox during the past four years by re-electing him president.

Officers for the coming year are as follows: Honorary president, Dr. J. E. Watson; honorary vice-president, George Dyke; president, Reginald Cox; vice-president, Mrs. McCoy Jameson; recording secretary, Miss Mary Adamson; corresponding secretary, Miss Beatrice Griffin; treasurer, Miss Marion Roberts.

Executive, Miss Ethel James, Miss Marie George, Miss Dorothy Francis, Mr. Oliver Stout; telephone committee, Miss George and Miss Wilkinson.

It was announced that the March general meeting would be held on March 16 at 8 in the Y.W.C.A.

MODERNS IN ART SHOWN

Canadian Painters Exhibit Work at National Gallery

OTTAWA (CP) — Seventy paintings and two drawings by 48 artists are displayed in the third annual exhibit by the Canadian group of painters which opened today in the National Gallery of Canada.

Lawren Harris, who has formerly shown a definite modernistic trend to his art, achieves true modernism in his unnamed "abstraction of white shading to black." "Spring Foliage," by his son, Lawren Harris Jr., shows also a decided modernistic trend.

ment, although in more rounded expression.

Speed is the keynote of Fritz Brandtner's "Hockey," wherein bright reds and blues of the diagonally-drawn skaters striving to score a goal, create an impression of tremendous power and swift-ness.

N. Petroff, 22-year-old Toronto artist of Polish birth, shows an interesting and colorful study, "Modern Times." It is a young girl studying a newspaper on the floor from her chair. This youthful artist won the recent international drawing competition and was chosen as one of Canada's representatives at the Paris Exposition last year.

Hot springs are found in many countries; but the particular type of hot spring known as a geyser occurs only where volcanoes have been active at some time.

Canadian Painters Exhibit Work at National Gallery

OTTAWA (CP) — Seventy paintings and two drawings by 48 artists are displayed in the third annual exhibit by the Canadian group of painters which opened today in the National Gallery of Canada.

Lawren Harris, who has formerly shown a definite modernistic trend to his art, achieves true modernism in his unnamed "abstraction of white shading to black." "Spring Foliage," by his son, Lawren Harris Jr., shows also a decided modernistic trend.

ment, although in more rounded expression.

Speed is the keynote of Fritz Brandtner's "Hockey," wherein bright reds and blues of the diagonally-drawn skaters striving to score a goal, create an impression of tremendous power and swift-ness.

N. Petroff, 22-year-old Toronto artist of Polish birth, shows an interesting and colorful study, "Modern Times." It is a young girl studying a newspaper on the floor from her chair. This youthful artist won the recent international drawing competition and was chosen as one of Canada's representatives at the Paris Exposition last year.

Hot springs are found in many countries; but the particular type of hot spring known as a geyser occurs only where volcanoes have been active at some time.

Dominoes Turn On Speed To Defeat Clowns

Sports Mirror

By PETE SALLAWAY

WHEN BASEBALL stars make big salary demands on club owners, supporters of the players often point to the amount asked for the transfer of their contracts, maintaining that a high price label on the performers should be the standard of measurement for the compensation which is paid for their services. Nobody questions the right of a player to demand a return that equals with his playing skill or the ability of the club owner to pay, and most of these salary disputes are settled by mutual agreement.

If baseball players sometimes feel that they are not receiving full value for their services, they might gain some interesting information from a comparable situation in England. Soccer holds a position in England similar to baseball in the United States as a professional sport. It is played eight months in the year as compared to seven months of major league baseball. Some soccer players are sold for as high as \$100,000 and as many as 90,000 spectators turn out for matches when a championship is at stake.

Yet at the very time when Joe DiMaggio was contending that the New York Yankees should pay him \$30,000 or \$40,000 as a fair salary for the coming season, a number of British soccer players were holding out for a minimum wage increase from \$20 to \$25 a week and for a maximum from \$40 to \$45 a week.

If DiMaggio's figure of \$30,000 is divided by 24, the approximate number of weeks he will play, or if the \$8,000 or \$9,000 average salary enjoyed by major league players is compared with the top pay in British football, it is not difficult to reach the conclusion the diamond performers are not doing so badly in the way of compensation for their services.

All-round strength characterizes the team to defend Australia's cricket laurels in England this summer. Headed by Don Bradman, the sport's greatest drawing card, the commonwealth is sending a team fully capable of extending England's best in the fight for world supremacy. Since the series started in 1876 the countries have met in 77 matches in Australia and 62 in England. The Aussies have the edge with 56 victories, two more than the Mother Country, while 29 contests have been drawn. Last winter in Australia the Antipodeans triumphed over their old rivals three matches to two.

Of the 16 players chosen for duty overseas, six form a run-getting battery comparing favorably with Australian batsmen who have visited England in the past. The visiting attack is likely to be built around Bill O'Reilly, lanky New South Wales stock bowler. He will be assisted by four others, included for their bowling prowess alone, while the squad also has three all-rounders. Two first-class wicketkeepers do not rank high as batsmen.

There are few batting records left for Bradman to smash. The 30-year-old Australian's 452 runs for New South Wales against Queensland in 1930 stands as the world record score and he is credited with the highest score in England-Australia tests, 334 at Leeds, England, in 1930. In all tests against England he has scored 3,406 runs in 40 innings, an average of 89.63.

Member when: Nattie Brown, who previously stayed 10 rounds with Joe Louis before losing the decision, was knocked out in the fourth round of their return bout at Kansas City one year ago tonight. Louis became second world colored heavyweight champion last June with an eight-round knockout over Jimmy Braddock.

LENEYS WIN TITLE

VANCOUVER—Mr. and Mrs. Erie Loney, Duncan, won the mixed doubles title at the Vancouver Invitation badminton tournament here last night when they defeated the Vancouver team of Mrs. M. Carter and M. Atkinson, 15-8 and 15-13.

Roy Taylor Sets Scoring Pace In 36 to 31 Victory

Scores 12 Points as Victoria Cagers Whip Touring Negro Stars

Hoyle-Brown Win

Dominoes returned to winning form with a vengeance last night at the High School gym when the Victoria boys turned on the steam and after the Clowns had tied the count at 30 to 30, with five minutes to go, the locals still had enough left to go on to win.

The clubs will meet again on Saturday night.

Victoria Hoyle-Brown had a walkaway in the senior B men's island playoff, defeating Lady-Smith 45 to 6 in the first of a home-and-home series, total points to count. The locals were ahead 28 to 0 at the half. In a Sunday School League playoff the Eight Aces won from the Bombers 29 to 24.

Starting Taylor was certainly a good move on the part of the Dominoes. The big forward had his biggest night this season to top the scorers with 12 points. His one-handed pots from in front of the hoop were dropping through beautifully. Hank Rowe, who Red Daves worked just as hard as ever, Chuck Chapman played a great game at guard and in the last few minutes, with the Clowns trying desperately to pull out a victory, the big red-head looked at his best. The Dominoes had speed to burn and their close checking worried the colored stars and put them off their shooting.

SCORES 17 POINTS

Teddy Brime, good-natured forward, was the only member of the Clowns who really had his eye in and his points for the evening totaled 17. Little Al Pullins had a bad night: Time after time he breezed through for good shots, only to bungle them. Late in the first half he shook his head in disgust as another "sitter" failed to click.

The game was hard and there was just enough roughness to make it interesting for the cash customers. The referees were kept on the jump with 19 personal fouls called.

With Taylor and Rowe sinking baskets in quick order, the Dominoes jumped into a 16 to 6 lead after 15 minutes of the first half. Play was held up minutes when Brime fell and injured his ankle. The Dominoes were in front 18 to 8 with four minutes to go when the Clowns put on a drive and were down 18 to 13 at the interval.

Dominoes continued to outscore the pros as the second half opened and with 10 minutes clicked off the score was 30 to 22 in their favor. The Clowns settled down and dropped through eight points in a flash to make it 30 to 30. Stan Jackson brought the house down when he lifted the ball through the circle to give the Dominoes the lead again. Brime sank a free throw to make it 32 to 31. Rowe and Chuck Chapman wrote finish to the story with two great baskets.

Tommy Macedo and Bill Levy refereed.

The teams and scores follow: Dominoes—Art Chapman 6, Chuck Chapman 4, Davies, Jackson 6, Rowe 8 and Taylor 12. Broadway Clowns—Brime 17, Pullins 2, Goins 4, Matthews 2 and Pearson 6.

Hoyle-Brown—S. McLean (4), Goldsmith (14), McKeechie (12), H. McLean (9), Campbell, Preston (2), Caddell (4), Levy, Elliott and Collier.

Ladysmith—Davidson, Young (2), Sharp (2), Hill, Battle and Carlson (2).

Eight Aces—Ackerman (10), Pridham (4), Clague (7), Smith (2), R. Price (6), Harknett, W. Price and Webster.

Bombers—Ross (1), Morrison (7), Mylrea (6), Mason (5), Ingalls, Sellick, Cumming (4) and Cullin (1).

OUR MAIL BAG

BASKETBALL

To the Sports Editor:—Between Saturday and Monday what happened to the reporter who wrote the eloquent Saturday testimonial to Rogin, then the very uncomplimentary farewell remarks in the following Monday's paper? In the latter edition Rogin is accused of slowing up the Dominoes, yet, in spite of their excellent display and speed Saturday night, frequently a Shamrock was discovered in full bloom under the Dominoes' basket.

The question is: Do we know more about basketball than the picked touring professional clubs who play almost daily? To all appearances, the professionals more than conserve their energy until they reach their opponents zone, then often make our fast team appear slow defensively.

At the beginning of the season many Victorians resented the arrival of Windsor's "Moose" Rogin, but after each game realized his unselfish efforts towards coaching the rookies and admired further those encouraging pats on the back after each successful play. His value was realized so much that they even broadcast over CFCT to visiting teams "that Rogin was the man to watch." Today the same objecting Victorians would probably yell, "We want Rogin," because they have not forgotten the first thirteen games of the season.

Last year, for some reason not entirely understood by all, several players quit the Dominoes, and now this year, at the most critical time, Rogin and Kinnear resign. In the meanwhile fans already feel that the B.C. basketball finals will end similarly to last year, and many blame the officials, while others blame certain members of the team. This ill-feeling will exist until the matter is satisfactorily explained.

Jordan River And Spencers in Tie

Trailing by a 21 to 13 score with five minutes to go, Spencers quintette staged a fine closing rally to finish their tussle with Jordan River in a 23 to 23 deadlock early this week at Sooke. They were meeting in the first game of a home-and-home, total-point series for the Victoria and district senior C men's basketball title. The next game will be played in the city. Les Bradley of the winners chalked up 14 of his team's points.

The other game on the card saw West Road hammer out a 33 to 25 defeat over Duncan in the first round of the lower island senior B men's playoffs.

SOFTBALL MEETING

A meeting of the Young Liberals softball club will be held at the Liberal headquarters tonight at 8. All interested are invited to attend.

Canada's Athletes Sail From Sydney

Empire Games Team Leaves For Home; Will Arrive Here On March 12

SYDNEY—Canada's British Empire Games team of athletes and officials, with two exceptions, sailed for home today.

The Canadians left on board the R.M.S. Niagara, sister ship to the Aorangi, which brought them here a month ago for the third Empire games.

Thousands lining the wharf cheered the departing Canadians as the liner moved out from her dock and the South African team members added their ear-splitting war-cry.

Of the 78 athletes, whose performance at last week's meet here outshone previous Canadian

It's Sun Egret and Three in Row for Record

A dozen hoofs are off the track as Sun Egret, A. Shelhamer up, comes down in front in the San Vincente Handicap at seven furlongs for the three-year-old third \$5,000 stake victory in three weeks and a Santa Anita Park record. No other horse has won three successive stakes over the track of the Los Angeles Turf Club. Major Ral Parr's Legal Light, coupled with Sun Egret in the betting, is second, and the Millsdale Stable's Sir Raleigh is third. His performances have established Sun Egret as an outstanding candidate for the \$50,000 Santa Anita Derby. The son of Sun Briar and Polly Egret flies the green and white silks of the A. C. Compton Stable.

Three-way Tie In Pendray Cup Series

Spencers, Bays and Navy Set Pace in Wednesday League Soccer

Hudson's Bay, Spencers and the Navy went into a three-way tie for first berth in the Pendray Cup as a result of yesterday afternoon's Wednesday League soccer fixtures.

A good turnout of fans at Heywood Avenue saw a bitterly-contested engagement between Hudson's Bay and the Navy, which ended 1 to 1. Spencers moved into a first-place deadlock by virtue of their 4 to 2 triumph over the Gorge Hotel at the Athletic Park. The leaders have seven points apiece. The hotel men have dropped five straight games.

The 90-minute duel at Heywood Avenue, in which the Hudson's Bay and Navy eleven's battled to a draw, was a rough and tumble affair and had some of the earmarks of a rugby engagement. Many players bit the dirt as a result of heavy body-checking. The pace was hot throughout, but the lack of good soccer took the punch away.

Judging from the way the sailors started out it looked as though they were in prime form and ready to whip the departmentals and gain revenge for the sound beating the store squad handed them a couple of weeks ago. They kept up their brilliant offensive on the opposing net for 15 minutes, during which time Murray took Ross's cross and laced it into the hem with a left-foot drive. But after that the Navy men seemed to lose all their sense of harmony in the front line and never got reorganized again.

The Bays, for that matter, were not any better. In the first half they only managed to advance periodically by taking the ball away from the pressing sailors with sudden rushes. Their attacks were weak, however, and were quite easily averted.

The Bays got the tying goal through a penalty kick 25 minutes (Turn to Page 13, Col. 3)

LOUIS TAKES SECOND BOUT

Agrees to Defend Title Against Winner of Thomas-Adamick Fight

NEW YORK—Joe Louis has agreed to defend his heavyweight title for the second time before he meets Max Schmeling again.

The bomber will meet the winner of Friday night's bout between Harry Thomas of Chicago and Jimmy Adamick of Detroit on April 8. If Thomas wins over the Detroit, the bout will be held in Chicago, and if Adamick wins, it will go to Detroit. Louis fights Nathan Mann of New Haven here Wednesday night.

Julian Black, one of Louis' managers, and Mike Jacobs, head of the 20th Century Sporting Club, made arrangements for the bout yesterday. Nate Lewis, Thomas' pilot, says the bout would mean a sellout at Chicago Stadium.

Racing Results

SANTA ANITA—Results of horse racing here yesterday follow:
First race—Three furlongs: Outdone (Workman) \$11.20 \$4.00 \$2.00
Cienega (Falcon) 6.00 3.00
Time, 33 3/4. Also ran: Alice Payne, Morning Breeze, Teresa Gima, Miss Polio, Captive Bird, Sea Shell, Atta Bunny, Lottia D., My Lucky Baby, Hasty Star.
Second race—Six furlongs: Moral Victory (Workman) \$6.40 \$3.60 \$2.60
Pete Child (Jones) 5.00 2.00
Time, 1:11. Also ran: Bostwick, Commandable, Thirk, Distress, Sea Devil, Reneged, West Sea, Puddin'.
Third race—Seven furlongs: Howden (Connell) \$5.60 \$4.00 \$2.40
Delinee (Jones) 3.00 2.00
Time, 1:26. Also ran: Naseby, Kootney Belle, Brander, Daffield, Phosphorus, Heroval Connard, Miss Kharzan, Home Loan.
Fourth race—Seven furlongs: Oaveras (Brammer) \$4.20 \$3.00 \$2.20
Tambour (Bailey) 12.00 7.00
Stonbrook (Varnes) 13.40
Time, 1:26. Also ran: Bonnyne, Viewpoint, Brenda, Golden Ivy, Valina, El Portal, Denigh, Beadwork.
Fifth race—Seven furlongs: L. Greenock (Pierzon) \$11.60 \$3.80 \$2.60
Rock X (Malley) 3.00 2.00
Brendale (Stevenson) 5.00
Time, 1:25 1/4. Also ran: Coetie, Blanda, Early Times.
Sixth race—Mile and one-sixteenth: Sceneshifter (Westrop) \$3.80 \$2.60 \$2.40
Over the Top (Gray) 3.20 2.60
Sweepstake (Stevenson) 3.20 2.40
Time, 1:45 1/4. Also ran: Today, Fresno, Top Row.
Seventh race—Mile and one-sixteenth: Grey Comet (Tucker) \$8.60 \$3.20 \$2.40
Best Beau (Lehman) 35.40 15.20
Banquo (Jones) 6.00
Time, 1:43 3/4. Also ran: Supremacy, Sie Emerson, Silas, Decuria, Our Reign, Sharpshooter.
Eighth race—Mile and one-sixteenth: Advancing (Shelhamer) \$8.20 \$3.60 \$2.40
Marvel Day (Connish) 11.00 6.00
Pitter Pat (Bailey) 4.00
Time, 1:54. Also ran: Scotch Sun, Can Re, Highmont, Seiva, Easter Tommy, Almac, Cinar, Silver Sickle, Blue Hour.

SOCCER WORKOUT

A meeting and workout of the Esquimalt first division football team will be held tonight at 8 in the club quarters at Bullen Park.

New York—Milt Apon, 144, Chicago, outpointed Vittorio Venturi, 147 1/2, Italy (10).

Fort Smith, Ark.—Jack Griffin, 143, El Dorado, Ark., outpointed Tiger Rousseau, 140, New Orleans (10).

Miss M. Jeune and Alf Slocomb Advance in Y.M.C.A. Badminton Play

Play last night in the annual Y.M.C.A. Badminton Club tournament saw defending champions in singles play advance. Miss M. Jeune defeated Miss A. Hanson, 11-6, 11-3, and Alf Slocomb turned back D. Martin, 15-3, 15-11.

In one of the finest matches of the tourney to date, Miss P. Cheer eliminated Miss A. McNaughton, 12-11, 12-10. A number of matches were also run off in the doubles events.

Complete results follow:

WOMEN'S SINGLES

M. Jeune defeated A. Hanson, 11-6, 11-3, P. Cheer defeated A. McNaughton, 12-11, 12-10.

MEN'S SINGLES

J. White defeated H. Sharp, 15-7, 15-4, A. Slocomb defeated D. Martin, 15-3, 15-11.

MEN'S DOUBLES

S. Hill and Sharp defeated Lamb and Wilcox, 15-12, 15-2.

MEN'S HANDICAP DOUBLES

S. Hill and Sharp defeated A. Milne and S. Fraser, 15-11, 15-9.

MIXED HANDICAP DOUBLES

L. Bethell and Clark defeated K. Carter and S. Fraser, 15-11, 15-11.

E. McCall and Temple defeated W. Robb and C. Burgess, 15-10, 8-15, 15-6.

J. Scott and Lamb defeated S. Ashman and H. Sharp, 15-9, 15-14.

A. Hanson and Wilcox defeated L. Anderson and Milne, 15-11, 15-5.

P. Cheer and I. Temple defeated W. Robb and Sharp, 15-3, 15-11.

FRIDAY'S DRAW

7:30—O. Schroeder and L. Anderson vs. J. Curry and J. Caldwell, D. Martin and I. Temple vs. Clark and Sharp.

8:00—Hill and Sharp vs. Slocomb and Wilcox, Bethell and Clark vs. J. Scott and R. Lamb.

8:30—M. Jeune and Bethell vs. M. Alexander and D. Ashman, E. McCall and Temple vs. A. Hanson and Wilcox.

9:00—A. Hanson and White vs. Caldwell and Martin, J. Muir and Temple vs. Hill and Sharp.

9:30—R. Lamb and Wilcox vs. W. Martin and P. Arnot, M. Jeune and Slocomb vs. P. Cheer and Temple.

10:00—M. Alexander and White vs. winner of J. Scott and R. Lamb vs. Bethell and Clark.

Turner Suspended For Six Months

NEW YORK—Bob Turner, of Newport News, Va., yesterday was suspended for six months by the New York State Athletic Commission, for an "unsatisfactory performance" against the middleweight champion, Freddie Steele, at Rochester, N.Y., last Tuesday night. Steel won their 10-round non-title, bout by a knockout in one round.

to Steel here in 1936. Steel is training in Cleveland for a title bout with Carmen Barth.

Canadian Hockey Team Gets Scare

shared the Czechoslovakian 2 to 0 defeat of the United States as the surprise of the day's play.

Sweden's 1 to 0 victory over Poland also was unexpected. Poland went through the first round with three wins and one loss in four games, while the best Sweden could do was two draws and one loss in three games.

While firm on defence and in goal, the United States attack fell to pieces before Czechoslovakia. Catovsky scored in the second period and Pergl in the third.

The games attracted 11,000 spectators. Even larger crowds were expected later when the final stage of the tournament is reached. At present nine nations, divided into three pools, are battling for places in the final.

May Be Preview of Stanley Cup Hockey Finals; Two Other Games

New York and Boston hockey fans are calling a two-game series that opens in New York tonight a preview of Stanley Cup finals. And, though four other clubs will enter the cup series, Boston's Bruins and Gotham's Rangers have established themselves as heavy favorites from almost any angle.

The bounding, bruising Bruins and the smooth-passing Rangers have occupied first and second places in the National League's American division almost since the season's start. Bruins have rolled up 50 points in 36 games and Rangers 47 in 35, against 42 in 35 for Toronto's Canadian section leaders.

So the thousands who will turn out for the tussle at Madison Square Garden tonight and the packed house that will watch the second meeting in Boston Sunday can be understood when they regard this brief series as a sort of gala dress rehearsal of the finals. Bruins and Rangers have been setting attending records all around the league.

PLAYOFF FIGHT

Meanwhile the fight for the playoff places will go on along two fronts tonight. Toronto tackles the Montreal Maroons at Montreal and New York Americans and Chicago Black Hawks, holding the third and last playoff places in their respective divisions, battle at Chicago.

Maple Leafs can make it just about definite that Maroons will get nowhere, particularly if the Amerks win. A Maroon loss and an Amerk victory would mean that if the Montrealers won their 12 remaining games Americans still would need only six victories in 14 starts to tie for third place.

Chicago, by winning, can increase its margin over Detroit's trailing Red Wings to five points. On the basis of the playoff lineup, the clash of Americans and Hawks takes on just as much importance as the New York contest.

But the impending Ranger-Bruin games have drawn as much attention as anything in the history of N.H.L. schedule play. They pit Art Ross' big, hammering club—with Eddie Shore leading one of the game's great defences and Bill Cowley sparking the forward lines—against a Ranger team that is making history for smoothness, from Dave Kerr's lithe goaltending out to the front lines, where the veteran Cecil Dillon is pacing a pack of youngsters.

The games would be four-star affairs if only as a study in styles.

Major Hardinge Heads Imperials

Major J. B. Hardinge, M.C., was elected president of the Imperial Veterans' Association at the annual meeting last night in the Y.M.C.A. W. Kelly was chosen vice-president and B. F. Seed automatically becomes past president.

W. E. G. Crisford was named second vice-president, and T. Miller, secretary. The executive committee follows: J. W. Tharatt, C. Freegard, J. S. Patrick, J. O'Toole and Capt. Canning.

Lieut. Governor W. Hamber again accepted the position as patron of the association. Col. T. E. Harrison, D.S.O., is honorary president and Col. Charles Flick, G.M.G., O.B.E., V.D., honorary vice-president.

Eleven new members were introduced.

Three Chinese whose financial position is such that they would become a continuous charge on the city if left here, will be shipped to the Orient at a cost of \$75 apiece as the result of action

approved by the City Council in estimates committee yesterday. Alderman S. H. Okell sought support for a move to send them home, stating the ship on which they should sail would leave on

Saturday and delay on the action until next Monday's regular council meeting would upset the plan. Efforts will be made to have the government assist in paying the fares.

NEW SAVINGS IN BAKING

BUT MOTHER, IT'S OLD-FASHIONED TO USE SO MUCH BAKING POWDER IN A CAKE.

BUT I'VE ALWAYS USED TWO TEASPOONFULS TO A CUP OF FLOUR.

I KNOW, MOTHER DARLING - BUT THAT IS WASTEFUL - THERE'S A NEW BAKING POWDER CALLED CALUMET AND YOU USE ONLY ABOUT HALF AS MUCH.

WHY?

BECAUSE YOU GET DOUBLE ACTION WITH CALUMET - SO YOU USE LESS.

WHAT DO YOU MEAN BY "DOUBLE ACTION"?

ITS FIRST ACTION TAKES PLACE IN THE BATTER - ITS SECOND IN THE OVEN. CALUMET IS THE FAMOUS DOUBLE-ACTING BAKING POWDER USED BY MILLIONS OF HOUSEWIVES.

AND YOU PAY LESS FOR CALUMET, AS WELL AS USING LESS. AND YOU'LL BE SURPRISED AT THE IMPROVEMENT IN YOUR BAKING.

WELL, I MUST SAY THAT SOUNDS GOOD TO ME. I MUST TRY IT.

BUT BEST OF ALL, YOU GET BETTER RESULTS WITH CALUMET. YOU CAN JUST IMAGINE WHAT A CAKE IS LIKE WHEN EXPERTS SAY IT HAS "VELVETY CRUMB." WELL, THAT'S WHAT EXPERTS SAY ABOUT CAKES MADE WITH CALUMET. THEY ARE "VELVETY CRUMB" CAKES EVERY TIME.

One of the world's leading baking powders, Calumet is now made in Canada, and is a companion product to Swans Down Cake Flour, Jell-O, Baker's Chocolate, and other famous foods.

CAN PREVENT DEPRESSIONS

Head of Eagles Tells Local Audience They Are Not Inevitable

A steady increase in the membership of the Fraternal Order of Eagles was vitally necessary to the continued success of that organization's social - justice work, said Grand Worthy President John W. Heller Jr. of York, Pa., in an address last night before Victoria members of the order.

Declaring that man-power was responsible for the fraternity's success in past social-welfare activities, Mr. Heller said that, in turn, the order's sponsoring of humanitarian movements was also responsible for the fraternity's steady growth.

"As we are a mutual benefit society, the fact that 125,837 new members joined our ranks in 1936-37 can be attributed in part to the protection which we offer to our members through sick and funeral benefits, and by providing members and their families with the services of competent physicians. But we know that men are also attracted to our order largely because of its work for humanity."

"Our fraternity is widely known for its championship of the cause of the underprivileged. Many have recognized it as a force for social good. President Roosevelt, himself a life member of the F.O.E., said: 'Our countrymen owe the Eagles good-will for their unselfish services.'"

"The F.O.E. is the working man's fraternity. For 30 years we have sought to guard the wage earner and his family from the hazards of our economic existence."

In citing examples of the fraternity's endeavors to make the family more secure, Mr. Heller told of its work in the field of mothers' pensions, workmen's compensation, and old-age pensions.

"When we began to pioneer for mothers' pensions," he said, "not a state or county in the United States was protecting destitute mothers and their orphaned children. Now, largely through the efforts of the F.O.E. 47 states have legislation on their statute books which provides for aid to these groups."

OLD PEOPLE
"The same was true of the order's work for the needy aged. When, in 1921, we first took up the fight for decent treatment of these old people, their plight was pitiable. Now 47 states have passed legislation which provided for their support during their declining years."

"The Eagles' stabilization of employment plan," the speaker said, "was presented to the national Congress in 1930 as the Eagles-Ludlow bill, and has been introduced at every session since. It provides for the creation of a federal industrial commission that would act as a sort of economic weather vane, studying

trends in industry, commerce and agriculture that threaten wholesale loss of jobs. It would report its findings to the President and to Congress and would make suggestions for legislation to correct any conditions harmful to the economic security of the country."

"We do not hold with the economists who believe that depressions are inevitable. We believe that they can be prevented, and we think that our plan to stabilize employment will go a long way toward realizing this ideal."

Mr. Heller has been a member of the F.O.E. almost since its beginning, having joined in 1901, when York, Pa., Aerie was founded. He is widely known as a highly successful organizer and for his leadership in his state's fight for old age pensions. He is now touring the 1,187 lodges in the fraternity's jurisdiction.

COMPLIMENTS B.C.

Edward Bigelow of Sedro Woolley, Washington, organizer for the Pacific coast, came to Victoria with Mr. Heller and at the meeting last night complimented the aeries of British Columbia on the fine progress they had made in recent months.

P. Babcock, local president, welcomed Mr. Heller, Mr. Bigelow and a party of Eagles from Port Alberni to the meeting. Mr. Babcock was chairman and introduced the various speakers.

Following the initiation of six new members an entertaining programme was presented, those taking part being W. Griffin and L. Hays, who appeared in a wrestling match; Stanley James, who gave comic songs; selections by the drum corps, under Bandmaster George Rea. D. Esler was chairman of the entertainment committee, assisted by W. Bridgwood, N. Motishead, L. Andrews and W. Griffin.

Mr. Heller and Mr. Bigelow, who registered at the Empress Hotel, left this morning by Ss. Iroquois for Port Angeles, where a large meeting of Eagles from all parts of the Olympic Peninsula will be held this evening.

Gain Continued In Island Coal

Continued gain in the output of coal from Vancouver Island mines was shown by figures for January in the monthly report of the chief inspector of mines. Island output was placed at 71,143 tons, compared with 68,202 tons in January, 1937.

The Comox Colliery and Northfield mine of Canadian Collieries both showed good increases, although there was a drop in Western Fuel Corporation's output.

In the Nicola-Princeton district output was better than a year ago, but in the East Kootenay it was lower. For the province as a whole, however, a gain from 122,837 to 124,621 tons was shown.

Prints Go to Sea

PARIS—There's a whiff of the sea in motifs chosen for spring prints. Seagulls fly over cliffs, fish swim in organdie and geese goosstep, single file, on marocain crepe.

CUSTARDS that can't go wrong

Professional-looking baked custards—glistening, perfect, quivery-tender! And you can make them quickly and easily with Borden's Eagle Brand, the magic sweetened condensed milk. Here's the simplest recipe you ever tried—yet Eagle Brand makes it an instant sure success!

BAKED CUSTARD

1/4 cup Eagle Brand Sweetened Condensed Milk* 3 eggs
2 1/4 cups hot water 1/4 teaspoonful salt
Grating of nutmeg

Blend Eagle Brand Sweetened Condensed Milk with hot water, and pour gradually over slightly beaten eggs. Add salt. Pour in a baking pan or in custard cups. Sprinkle with nutmeg, place in a pan filled with hot water to depth of custard. Bake in slow oven (325° F.) about 40 minutes or until custard is set. A knife blade inserted will come out clean when custard is done. Serves 6.

*P.S.—Ask for it by name—EAGLE BRAND, the Magic Milk

Heinz

STORE-BOUND
NOT
STOVE-BOUND

● In cahoots with Heinz, modern ladies serve delicious dishes that call for only the briefest visits to the kitchen. Heinz Cooked Spaghetti, for example, gives more one-main-dish meals than you can shake a stick at. By itself, Heinz Cooked Spaghetti, with its sauce of tomatoes, cheese, milk and butter, is tasty and nourishing. Combined with left-overs of meats and vegetables it makes many interesting dishes. A pleasing variation is Heinz Cooked Macaroni, prepared with a creamy, cheese sauce.

Talent Shown In School Play

Lampson Street School Applauded For Fine Performance

Promising young talent was shown by students of Lampson Street School last evening in their presentation of a two-act play entitled, "The Rose and the Ring." The highlight performance was that of Miss Jean Maynard in the role of Mrs. Gruffanuff. Other outstanding parts were played by Ian Harris as Prince Giglio, the hero and right king; Jean Langlois as Bet-sinda, maid to the princess and rightful queen; Angela Macklin as the princess and Sally Frankham, who played the role of Fairy Blackstock.

Others taking part include Robert Maynard, Valorous the king; Mary Day, queen; Ronald Clements, king of Crim-Tartary; Arthur Emerson, Gruffanuff, the palace porter; Phillip Molloy, Prince Bulbo; Richard Dunlop, captain of the guard; Edward Cunningham, Chancellor Glumboso; Duncan McLaurin, archbishop; Jack Kent-Fawkes, court painter; Irene Thomas, page; William Lambert, student of Bosforo University; Alex Joannis, court poet, who, during the play, gave a vocal solo, "Who Is Sylvia?"; Shirley Filewood, Doreen Carter, Kathleen Davidson, Phyllis Buxton, Doreen Sedger, Norma Sedger, Shirley Ockenden and Joan Brealey, who danced in the palace court scenes; Brian Burns and Donald Murray as two lions.

The play, "The Rose and the Ring," is an adaptation from Thackeray's fairy tale. Performances will be given this evening

and tomorrow evening in the school auditorium at 8.15.

Prior to the main presentation, a short comedy entitled, "The Train to Mauro," was performed with Betty Coutts, Ralph Koir and Clifford Pecknold taking the parts. The comedy centred on a play upon the word "mauro," with the characters mistaking this for "morrow." The resulting mixup proved exceedingly humorous.

The entire evening showed detailed preparation and organization. Those attending the performance were met at the door by a courteous group of ushers, consisting of Helen Christensen, Adeline Stevenson, Joyce Robinson, Phyllis Nottingham, Elaine Richmond, Marjorie Hall, Alice Fallas, John Mason, Kenneth Benda and Ray Douglas. The band of the lights were Douglas Crowe and Clarence Prior. Paul Christensen operated the gramophone which provided the music between scenes. Speedy changes of scenery were due to the efficient work of the stage crew, which consisted of Bob Barker, Edgar Carter, Arthur Young, Dick Burkmar, Aubrey Lamber-ton, George Tahata, George Sil-burn, Elwood Bishop, Eric Hall, Stanley Waddington, Ernie Wyatt, Clifford Knowles, Owen Mulcahy, William Wigmore and Al-fred Jenkins. The pianist for the evening was Robin Wood.

Brilliant and clever costumes worn by the players were due to the combined work of the Misses J. Nicholl, V. Walker and L. Knappett. Excellent scenery used was provided by Max Maynard. In charge of properties was S. Hanna. T. Walker and H. Dawson were in charge of house and advertising.

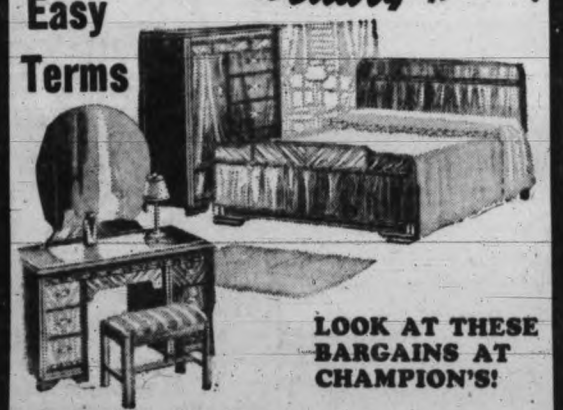

General director was H. W. Creelman, with Miss K. Mulcahy and Miss A. Emery as dialogue directors. The stage crew was directed by H. Hutchinson. Director of the opening comedy was Miss D. Willing, who also handled the business end of the performance.

Between acts of the main presentation, Gordon Creed entertained the audience with a clever tap dance.

Migration From Plains to City

Influx of Prairie Residents Here Greatest Since Pre-war Boom

The biggest migration of new residents to Victoria and Vancouver Island since the boom days of 1912 is now in full swing, real estate sales, business transactions, motor license records and inquiries at the Victoria and Island, Publicity Bureau indicate.

The smaller towns of Alberta and to a lesser degree the drought area of Saskatchewan are providing the majority of the new settlers, according to Frank Giolma, of the bureau.

Mr. Giolma believes it is impossible to make any close estimate of the number of these newcomers. "It may be thousands, it may be tens of thousands," he said.

Most of the settlers have not come here to retire, but to go into business, he believes. The bureau has received many inquiries as to openings in Victoria and especially in up-island communities.

Prairie people have opened or taken over motor camps, hotels and small stores at a number of points on the Island Highway.

Commercial travelers report a growing business from these new store and camp operators. There are also a large number of up-island farms that have been taken by Alberta and Saskatchewan people.

Mr. Giolma attributes the fact that the bulk of the migration comes from the smaller Alberta towns owing to the financial uncertainty in that province. "The small towns depend more on the farmers. The people seem to be getting out with what money they have."

The Retail Merchants' Credit Bureau reports the greatest number of applications for credit accounts by former prairie people of any time in its history.

According to officials of the bureau the majority of these new settlers have taken small homes in Saanich, with a few in the city.

Motor license records for the last few months show a marked increase in the "used car registration" category, devoted to cars originally licensed outside British Columbia and brought here for permanent use.

Rotary Letters For Goodwill

Plan to Establish Greater International Friendship

An appeal to the members of the Victoria Rotary Club to support the international committee of the organization in their plan to establish individual correspondence with the club members of other countries, was made by Dr. J. W. Sipprell at the luncheon meeting of the local group today at the Empress Hotel.

The purpose of the correspondence, Dr. Sipprell said, was to exchange viewpoints with other nations with the object of establishing a greater international understanding. "There is no matter so tributary to open conflict as a lack of understanding of the mental attitude and economic problems of countries foreign to each other."

"If I can be any judge of present day events, governments and industrial concerns are not trying very hard to put a stop to war; in fact, they all seem to be contributing to its continuance. In putting the scheme before the Rotarians, Dr. Sipprell declared it would bring a wider area of service to the Rotary Clubs throughout the world. The speaker said he had always found an individual spirit of goodwill in the various parts of the world he had visited in his travels."

"You can leave the world alone, but the world will not leave you alone. It is great to be a citizen of Canada, but greater to be a citizen of the world," he asserted.

An operative deed was sung by the Misses Edna Burgess and Winnifred Applegate, under the direction of Professor J. B. Hoffman. Accompanists were Mrs. C. C. Warn and Alfred Prescott.

Visiting Rotarians were introduced by Walter Fletcher, and Jim Fletcher, Bob Armstrong and C. S. Henley, members of the club who had been on extended tours, were welcomed by T. J. Goodlake, Rotary president.

Ball of \$1,000 each was set by Magistrate Henry Hall in the City Police Court in the case of Wong Ko Wing and Wong Yee Kow, Chinese, charged with possession of opium by the Royal Canadian Mounted Police. Both men pleaded not guilty before Magistrate Hall and were remanded for a week at the request of Corporal N. E. MacFarlane, who said it would take that time for the analysis of the ma-

TOWN TOPICS

"Introduction to Technocracy" will be further discussed at the public round-table this evening of Technocracy Inc., at 8 at 222 Pemberton Building.

Mayor Andrew McGavin will address the Real Estate Board of Victoria on "A Few City Problems" at its regular luncheon meeting in Spencer's dining-room tomorrow at 12.30.

Theft of cigarettes, tobacco, chewing gum, chocolate bars and cash from the Lake Hill Community Hall on Tuesday night was reported to the city police yesterday.

President of Ward Four Liberal Association for 1938 is C. E. Cope land, who was elected by acclamation when nominations closed this week. Other offices will be filled at the annual meeting February 23.

The second annual Y.M.C.A. family get-together will be held March 4 at the Crystal Garden, Archie McKinnon, physical director, announced today. The committee in charge will meet tonight to "scuss arrangements."

The 10th Brigade Ammunition Column, which left Victoria for overseas on February 18, 1916, under the command of the late Capt. C. W. Birch, will hold their annual dinner at Speedie's Cafe on Saturday next, at 8. All members are urged to make an effort to attend.

Bank clearings in the city for the week ending today showed a decrease of \$282,453 over the corresponding period last year, a report from the Victoria Clearing House indicated. The figures for this week were \$1,425,233, and for the same period last year \$1,707,686.

Sitting as a committee on estimates, the Oak Bay Council last night continued the preparation of its 1938 budget. Municipal works expenditures were the main subject under discussion at the meeting. It will be at least two weeks before the estimates reach their final shape.

A meeting of the Garage and Motor Trades Association of the British Columbia was held at the R.O.A.B. Hall last evening when Fred Elliott of Vancouver and who is the business manager of the association for British Columbia, outlined the progress and activities of the mainland body and presented the local unit with the constitution and by-laws.

There was a good attendance of local garage servicemen and several new members were admitted to the organization.

Members of the Friendly Help Welfare Association, and others interested, will be welcomed at the annual meeting to be held on Thursday evening, February 24, at 8, in the Princess Louise Room, Empress Hotel. Orville Robertson, executive director of the Family Society of Seattle, will be the speaker. Notice is given that a resolution will come up proposing a change in the name of the association from Friendly Help Welfare Association to Family Welfare Association of Greater Victoria.

Conservatives To Move Slowly

Party Executive to Consider Plans For New B.C. Leadership

NEW WESTMINSTER (CP)—John H. Morgan, president of the British Columbia Conservative Association, said today he did not think any immediate action would be taken by his association to choose a new party leader, succeeding Dr. Frank Patterson, who died in Vancouver a week ago.

Morgan said a party executive meeting would be held "as soon as possible," and decision would probably be reached there as to when a party convention to select a new leader would be held.

"I'm very anxious that the party take time out to stop, look and listen," Morgan said. "This business of choosing a leader is an important step that shouldn't be jumped at without due consideration."

The party president will go to Ottawa for the March 4 meeting of provincial party presidents, members of parliament and senators called by Rt. Hon. R. B. Bennett, Conservative national leader. He said the matter of selecting a successor to Dr. Patterson would probably be discussed there.

He said no decision had been reached concerning a candidate for the forthcoming by-election to fill the Dewdney seat left vacant by Dr. Patterson's death, but that the Conservative Party would "certainly contest the seat—as is only natural."

Deer fed by hand-outs from summer visitors, in national parks, sometimes become pauperized and cannot fend for themselves when winter comes.

Here to Boost Redwood Route

Chester Arthur Says Highway 101 Has Best Winter Weather

"See all the Pacific Coast" is the slogan that Chester Arthur, northwest commissioner for the Redwood Empire Association, the Humboldt County (California) Board of Trade and the Golden Gate Bridge and Highway District is spreading throughout the Pacific northwest.

Mr. Arthur, former field representative of the Evergreen Playground Association in California, is here for the purpose of stimulating winter travel over the Redwood Empire system of highways, through Humboldt County and into central and southern California via the Golden Gate Bridge and San Francisco.

He pointed out that the Redwood Empire offers a safe, snowless and iceless routing for winter travel, and one that has become increasingly popular during the past few years. Resorts and hotels are open the year round.

"Completion of the Golden Gate Bridge, world's longest single span suspension bridge ever to be flung across the entrance to a major harbor, has acted as a tremendous traffic stimulant," Mr. Arthur said.

"Facilities offered by the Golden Gate Bridge, together with the expenditure of more than \$55,000,000 in bringing the Redwood Empire system of highways to its present state of perfection is bound to result in feeding an ever-increasing volume of fall, winter and spring traffic into the northwest from California as well as from the northwest into California."

SEES MEDICAL TESTS NEEDED

Health Officer Replies to Protests of Examination of Pupils

Co-operation of parents of school children in seeing that every child gets a thorough physical examination is urged by Dr. H. E. Young, provincial health officer, in his annual report on the medical inspection of schools for the term 1936-37, issued here.

"A thorough physical examination is of the utmost importance, and this is a point to which I should like to call the attention of the members of the Women's Institutes," says Dr. Young.

"Objections have been made by the mothers to the examination of children, particularly growing girls. I cannot see why there should be objection to this."

"The medical man appointed is well known, examinations would be conducted with the child apart from the others, and the examination made in exactly the same manner as if the doctor had been called into the home to examine the same child."

"We have had objections registered against the examination, insisting that no clothing should be loosened without first obtaining the consent of the parents; the result of this is that many children are examined only in regard to eyesight, teeth, and tonsils. The child may have been suffering from a crooked back, deformed leg or arm, weak heart or lung trouble."

"This examination need not be made every term, but say twice, as they do in New York. Have such examinations made in the first, third and sixth year of the school life. If necessary the parents could be notified and, if they wished, could be present."

"It is the intention of the department to ask the doctors to make these examinations at regular intervals, and I am asking through the Women's Institutes the consent of the parents to this procedure being carried out."

LOCAL MINING FIRM FORMED

Lucky Date Mines Ltd., a new Victoria company with a share issue of 2,000,000, non-personal liability, was incorporated during the last week, according to the Registrar of Companies office.

Other new firms on this week's list follow: Porter Research Ltd., \$10,000, Vancouver; Selkirk Motors Ltd., \$10,000, Kimberley; Friendly Cove Boat Co. Ltd., \$75,000, Vancouver; National Fisheries Ltd., \$25,000, Vancouver; Paul Raake Boat Service Ltd., \$20,000, Vancouver; Eagle Time Delivery System Co. Ltd., \$25,000, Vancouver; Beano Gold Mines Ltd. (N.P.L.), \$100,000, Vancouver; Fairfax Insurance Agency Ltd., \$10,000, Vancouver.

OBITUARIES

GODFREY BJORNSELT

The private funeral of Godfrey Bjornseft was held from Hayward's B.C. Funeral Chapel yesterday. Rev. Peter McNab officiating. Many beautiful floral tributes surrounded the casket. The honorary pallbearers were E. Stonham and Captain C. Tarrant; the active pallbearers, C. E. Tidesley, R. W. Meldram, E. Kjekstad, A. Brown, F. J. Sehl and J. Barracough. The remains were laid at rest in Colwood Burial Park.

DONALD SHAW

At St. Joseph's Hospital yesterday evening, Donald Shaw, aged 82 years, of 1507 Chambers Street, passed away. Mr. Shaw was born in Ontario and had been a resident of this city for 10 years, and for many years was of Vancouver. He is mourned by his widow; one son, Charles J. Shaw, 1514 Brooke Street, and a sister, Mrs. J. Pollock, in Winnipeg, Man. The funeral will take place on Monday afternoon from McCall Bros' Funeral Home at 2. Rev. T. H. McAllister will conduct the service, after which interment will be in Colwood Burial Park.

WILLIAM N. BERRYMAN

A large number of sympathizing friends attended the funeral yesterday afternoon from the S. J. Curry and Son Funeral Home for William Nicholas Berryman. Rev. A. de B. Owen conducted the service, during which one hymn, "Abide With Me," was sung. Interment was in the family plot at Ross Bay Cemetery, with the following acting as pallbearers: W. J. Borrowman, J. Beckerly, Frank Botsford, R. Huxtable, Peter Cook and J. D. McGregor.

SARAH GEORGINA WILSON

There passed away yesterday, at the family residence, 78 San Juan Avenue, Mrs. Sarah Georgina Wilson, wife of W. C. Wilson, in her 55th year. She was born in Hantsport, Nova Scotia, and had been living in this city for 30 years. Besides her husband, she leaves to mourn her loss three daughters, Mrs. F. Westcott, Salt Spring Island; Mrs. J. Collins and Mrs. C. McGaw, both in Victoria; one brother, R. L. Barker, Lake Cowichan; a sister, Mrs. L. H. McNeal, Qualicum, and a sister on the prairies, and seven grandchildren. Mrs. Wilson was a member of the Daughters of England and of Britannia L.O.B.A. The funeral will be from Hayward's B.C. Funeral Chapel, on Saturday afternoon, at 2, and interment will be in Colwood Burial Park.

MORLEY H. TURMAN

The remains of Morley H. Turman, aged 36, who passed away at Berkeley, California, on Monday as the result of an automobile accident, arrived in the city this morning. The funeral will take place on Saturday afternoon from McCall Brothers' Funeral Home at 2. Rev. J. E. Bell will conduct the service and interment will be in the family plot in Ross Bay Cemetery.

VICTOR G. HOLLINGS

The remains of Victor George Hollings are reposing at Sands Mortuary Limited, where funeral services will be conducted on Friday afternoon at 2. Rev. S. J. Wickens will officiate, and interment will be in Royal Oak Burial Park.

MARGARET P. BOULTON

At the family residence, 1150 Dallas Road, this morning the death occurred of Mrs. Margaret Parker Boulton, aged 78 years, widow of the late George Boulton. Mrs. Boulton was born in Ingersoll, Ont., and had been a resident of this city for 17 years. She is mourned by a son, George Edward, and a daughter, Helen, at home; also a brother in California. She was a member of First United Church. The funeral will take place on Saturday morning at 10.30. Rev. W. G. Wilson, D.D., will conduct the service, after which interment will be made in the family plot in Royal Oak Burial Park.

JAMES J. TOWNSEND

The Salvation Army had charge of last rites for James J. Townsend, former member of its band, whose funeral took place yesterday afternoon. A large congregation attended the services held in the Oak Bay United Church. The hymns "Rock of Ages," "Lead, Kindly Light" and "Abide With Me" were sung. Prayer was offered by Adjutant Charles Watt, and addresses were delivered by Brigadier W. Cummins and Major M. Jaynes. A vocal solo was sung by Major Jaynes. Pride of the Island Lodge, No. 131, Sons of England, was represented by the president, H. Milnes, and the chaplain, W. A. Roper. A profusion of beautiful floral tributes was received. The remains were laid at rest in Royal Oak Burial Park. At the graveside, the solo, "Sleep On, Be loved," and the hymn, "Jesus, Lover of My Soul," were sung.

JESSIE EDWARDS BONNELL

At the Royal Jubilee Hospital this morning the death occurred of Mrs. Jessie Edwards-Bonnell, aged 55 years, wife of Francis S.

Officials To Discuss Water

Arrangements Made For Meeting Between City and Oak Bay Experts

Preparations would be made shortly for a joint conference between G. M. Irwin, city engineer and water commissioner; D. A. Macdonald, city controller-treasurer, and the engineer and municipal clerk of Oak Bay on the water rate issue, Mayor Andrew McGavin informed Reeve R. R. Taylor today.

The Reeve visited the mayor to make arrangements for the session of the officials on the water issue.

His visit followed receipt by the water commissioner of the January cheque from Oak Bay for the water supply. The cheque was made out on the basis of the old 7.5 cents per 1,000-gallon rate. It would be received on account of the January bill, officials stated.

In the meantime a communication from Elliott, Maclean and Shandley regarding the intention of P. R. Leighton, Victoria lawyer, to secure a judicial decision on the water rate question, was also received.

Mr. Leighton's plan calls for presentation of a case to a Supreme Court judge here to determine definitely the minimum price at which Victoria can sell its water to adjoining municipalities. His contention is that the new 12.08 cent rate is too low.

City counsel advised the council to allow Mr. Leighton to proceed "to take any action he chooses." There was no reason at present for a consultation, the letter said.

GANGES

GANGES — On Tuesday evening Stuart Bannister of North Salt Spring was the guest of honor at a farewell surprise party given by his fellow members of the Salt Spring Island Choral Society. Vocal selections were rendered by Mesdames L. G. Mouat, A. Pedneault, H. Howland and H. A. Robinson and S. Bannister, J. Leach and V. C. Morris. Instrumental items were given by Miss Sheila Halley and Dr. R. D. Rush. Mrs. W. M. Palmer acted as accompanist. Mrs. G. B. Young gave two amusing recitations.

Accompanied by his niece, Miss Ethel Barron, Mr. Bannister has left for Seattle, en route to New York from where they will sail on the Queen Mary on an extended visit to relatives and friends in England.

A valentine fancy dress dance was given at Fulford Friday evening. Mr. and Mrs. Grosart were responsible for the decorations. A large handmade Afghan was won by Miss Peggy Monk. Prizes for costumes were won by Mrs. D. Crawford, Edgar Heald, Miss G. Hamilton and P. O'Flynn.

In the children's class, prizes were won by Gerry Macdonald, Connie Heald, D. Grosart and Mr. Cairns.

The Mahon Hall at Ganges was filled Saturday evening, when, under the auspices of the Ladies' Aid of the United Church, W. T. Straith, M.P.P. of Victoria, gave an account of his experiences during his visit to China and Japan. The proceeds, amounting to \$32.30 will go to the parsonage fund.

The local branch of the women's auxiliary was held at Ganges on Friday afternoon, Mrs. C. H. Popham presiding. The

Overnight Entries At Santa Anita

financial statement showed a balance of \$43.27.

Mrs. Edward Walter was welcomed back after two months' absence in Victoria. Mrs. G. J. Mouat kindly promised the use of her home on March 1 for a sale and tea, at which there will be a musical program arranged by Mrs. G. B. Young. As some of the members will be absent at the diocesan conference in Victoria, the date of the March meeting was changed to Thursday, March 10, instead of March 11. Tea hostess was Mrs. C. S. Holmes.

RACE FIELD REDUCED

LONDON—A list of 46 probable starters for the Grand National, the classic Aintree steeplechase, to be run March 25, was issued last night, together with the riders' names.

The only Canadian-owned entry, H. R. Bain's eight-year-old Rock Lad, will be ridden by Wil-son, the jockey list showed.

Lloyd Thomas plans to ride his own horse, Royal Mail, who is favored to capture the severe test of rider and horse alike, four miles and 756 yards of going, with numerous hurdles and hazards to be cleared.

Sir Francis Towle's little chestnut gelding, Alraged Sios, one of the favorites, will be ridden by McNeill. The gelding had a bad heart but it is believed will attempt the course.

Horses, weights and riders follow:

Royal Mail, 175	Lloyd Thomas
Alraged Sios, 168	McNeill

India's Most Holy City

Half a million pictures and statues of gods, goddesses, heroes and demons!

That is what we are told Benares contains, and there is much more in it besides. It is the most holy city in India, and it stands beside the most holy river in the country.

Street scene in Benares, India's most holy city.

Benares is the home of about 250,000 people, not counting vast throngs which visit it through the year. It is older than the city of Rome, and has been visited by more pilgrims than Mecca by Moslems, or Jerusalem by Christians.

There are about 2,000 temples in Benares, also many holy shrines. In addition to the people who throng the streets, certain kinds of animals go about loose. I am thinking of holy cows, holy apes and monkeys. These animals have little, if any, fear of men. They are guarded by custom, and Hindus believe they are performing a good deed when they give them food. Sometimes a cow or monkey gets something to eat at a fruit or vegetable stand.

Many temples are alongside the Ganges. This great river has a total length of more than 1,500 miles, and every foot of every mile is supposed to be holy. Rising as a fast-flowing stream in the Himalaya Mountains, the Ganges flows past Benares and empties into the Bay of Bengal. In the course of thousands of years it has built up a great delta, a delta with an area of 32,000 square miles.

As the years have gone by, millions of pilgrims have bathed in the Ganges after reaching Benares. Hindus believe the waters of this river wash away their sins. They also believe that if they die at Benares they are sure to find bliss after death.

Some customs and beliefs of the Hindus seem strange, even foolish, to us. We must remember, however, that the religion is not entirely that way. Some poems in the holy books are of great beauty. Here is the meaning of one of them:

"Many-colored Dawn! Daughter of Heaven! Young and white-robed, come forth with your purple steeds. Bright, glowing, rose-red Dawn, show the traveler his road, and the cattle their new pastures. Open the gates of the morning, and awaken the singing birds."

Modern Etiquette

By ROBERTA LEE

1. How might you introduce a young man to your daughter?
 2. How might you introduce her to an older woman?
 3. How would you introduce your husband to another man?
 4. How would a young girl introduce another girl and boy?
 5. When an older woman brings a man to be introduced to a young woman who is seated, should the young woman rise?
- What would you say if—
- You are a woman and wish to identify yourself to a person with whom you have a business relationship—
- (a) "This is Martha Graham?"
 - (b) "This is Miss Graham?"
 - (c) "This is the person who called you yesterday about some pictures?"

Answers

1. "Betty, this is Mr. Pickwick."
2. "Mrs. Jones, this is my daughter, Mary."
3. "Mr. Moore, I want you to know my husband."
4. "Mary, this is Bob Brown. Mary Gilmore."
5. Yes, out of deference to the older woman who is standing. Best "What Would You Do" solution—(b).

DIES IN NANAIMO

NANAIMO — James Stewart, 82, who lived in Nanaimo for the last 47 years, died yesterday in hospital, following a long illness. He was a native of Scotland, being born in Kilmarnock. A few years ago he was superannuated by the Dominion Government. For over 20 years he

Dorothy Dix's Letter Box

DEAR MISS DIX—I have many friends who complain bitterly of the trouble their husbands make them by their carelessness about things, scattering papers on the floor, dropping cigarette ashes on the rugs, leaving the bath-

room a wreck, and so on. Also, my friends bawl out their husbands if they are late for a meal and make a hot comeback if their husbands are gruff to them when answering a question. That always brings on a quarrel, and these husbands and wives live in a perpetual state of being sore with each other. I am married to one of these careless, scattering husbands also, but I take a different tack with them. I pick up after him without ever saying a word. When he comes home grouchy I feed him and let him alone. In a little while he snaps out of it and is pleasant and agreeable. When he wants to go anywhere I grab my hat and go, whether or not I want to, and we get along without a ruffle. Maybe my way of managing a husband isn't the best, but it seems to work out pretty well.

Answer: Mr. Charles Schwab said in a recent interview that his great success was based not on his knowledge of steel, but on his knowledge of how to handle men. Every wife who makes a success of marriage could say the same thing. It rests on her knowledge of how to handle men.

There are no perfect husbands. No reasonable husbands. No husbands who just fit their wives like cut-paper patterns of what they want in a husband. All husbands have their peculiarities, their faults, their little cantankerous ways, that no wife can cure or alter. And, likewise, their little pet prejudices, their little vanities, their little weaknesses to which a wife can appeal and through which she can manage them if she is willing to take the time and trouble and make the effort to do so.

The amazing thing is that so many women are too stupid to realize this, and that so many other women would rather batter out their brains knocking up against a stone wall than walk around it, would rather fight with their husbands than use a little diplomacy in avoiding an issue.

It takes far less time, for instance, to sweep up cigarette ashes than it does to have a fight with your husband over dropping them on the rugs. It isn't as nerve-wearing and exhausting to clean up the bathroom after him as it is to have a scene with him over the way he left it. If a woman's husband loves to smoke, isn't it far better to have smoke get in the curtains than for her to get in his hair?

If a woman knows that her husband comes home tired from the office, why can't she refrain from putting him through a questionnaire, or telling him all the bad news she can think of until he is rested and refreshed and in a mood to bear it. If she knows he simply eats up flattery, why can't she have enough sense to feed him on it instead of always finding fault and belittling him until he goes out and hunts up some other woman who will jolly him? There is no other branch of study that so well pays a wife as learning how to handle her husband.

DEAR DOROTHY DIX—I am an elderly widower with one married son, and am about to make my will. I have worked hard for what money I have and I want to leave it so that my son and my grandchildren will never come to want. But the trouble is my son's wife is so extravagant and wasteful that I know she will throw it all away if she ever gets her hands on it. It is because of her that my son has never been able to accumulate anything, has always been in debt and can never save anything for his old age. What can I do? FATHER OF SON.

Answer: Consult some good lawyer and let him write your will for you. Don't try to write your will yourself, because you will leave some loophole through which it can be broken. I think in a case like yours, and in every case where money is being turned over to people who have shown that they are incapable of handling it, that the money should be left in trust in such a way that they will get the interest from it in monthly installments. That is the only way in which a dead hand can be stretched from the grave to protect loved ones.

Every man should leave whatever money he leaves his wife and daughters tied up tight and fast so that they can only get the interest on it because women are the victims not only of swindlers, but of their husbands from whom they cannot protect themselves. For when a man tells his wife that if she loved him she would turn over her money to him, what can she do but let him have it?

The husband does not always rob his wife with malice aforethought. Some of the best and kindest men in the world are the poorest business men, but after a man has lost his wife's money and reduced her to beggary it doesn't matter much to her how it went.

had been caretaker of the post office building. The funeral will be held Friday afternoon at 2:30 P. M. at the Diamond Lodge, I.O.O.F., Rev. W. Bell officiating.

ALASKA AIR SERVICE

WASHINGTON (AP)—Proposed airmail service between Seattle and Juneau, Alaska, is under "serious consideration" by the post office department, Representative Magnuson, Democrat, Washington, said today.

Harlie Branch, second assistant postmaster-general, informed Magnuson several government departments were working on the matter and that the "first hurdle" to surmount was reciprocal agreements with Canada since under the service, American aircraft would fly over Canadian territory.

EARNINGS INCREASE

MONTREAL (CP)—Canadian National Railways' gross revenues for the week ending February 14, were \$3,215,473, an increase of \$188,431 over the \$3,027,042 for the same week of 1937.

If Ruptured Cut This Out

and mail it with name and address to W. S. Rice Company, 1211 Clifton Avenue, Niagara Falls, Ont., Canada. You will receive absolutely free and no obligation a genuine test and full particulars of this amazing Method for reducing rupture control that is bringing a new ease, comfort and freedom to thousands who have suffered for years.

No matter how bad the rupture, how long you have had it, or how hard to hold; no matter how many kinds of trusses you have worn, let nothing prevent you from getting this FREE TRIAL. Whether you are tall and thin, short and stout or have a large rupture, this marvelous Appliance will so control the ruptured parts that you will be at free to work at any occupation as though you had never been ruptured.

Test this guaranteed Method for reducible rupture without any risk. Simply send for FREE TRIAL to W. S. Rice Company 1211 Clifton Avenue, Niagara Falls, Ont., Canada.

Victoria Third In Imports Last Year

Vancouver Again Heads All Ports of Province in Both Exports and Imports

VANCOUVER (CP)—Ports of British Columbia exported 4,095,360 tons of commodities to other countries and imported 1,944,828 tons in 1937, according to the statistical report of Vancouver Merchants' Exchange released yesterday.

In 1936 exports were 5,490,922 tons and imports 1,845,328. Vancouver headed the list of 16 recognized provincial ports in both exports and imports. Outgoing freights totaled 1,903,424 tons. Incoming were 1,288,707. New Westminster took second place so far as exports were concerned, with 870,081 tons reported. Ocean Falls took second place in imports with 36,384 tons, and Victoria was third with 33,035 tons. Only 25,727 tons were imported through New Westminster.

According to the Exchange report there were 824 arrivals during 1937, compared with 1,059 in 1936. Coastwise business showed a gain, however, from 18,495 two years ago to 21,698 last year.

All British Columbia ports shipped 1,107,377,269 board feet of forest products, of which Vancouver accounted for 506,640,333 feet. Fraser River was the second port in this trade, with 250,797,860 feet, and Port Alberni was close third with 245,961,329 feet.

LITTLE SHIP FOUGHT STORM

One Man Lost Overboard As Fishing Schooner Battered On Grand Banks

BOSTON (AP)—Sluggish under a mass of ice, the battered Gloucester fishing schooner Raymond put in at Fish Pier yesterday, her half-masted flag mutely telling of her flirtation with death and disaster on St. Peter's Bank, off Newfoundland.

Wind of gale force caught the little fishing vessel at anchor last Friday, and waves "as high as a house" came crashing down on her decks, carrying Albany Mulse of Yarmouth, N.S., a crew member, to his death.

Barely escaping a similar fate, Charles Deveau, 50, of Gloucester, at the helm of the ship when the storm struck, was carried overboard by a wave which tore loose the pilot house. Clad in oilskins and hip boots, he struggled to the surface, clutched at a trailing rope and was hauled to safety.

Except for the action of John Sheehan of Gloucester, said members of the crew, the Raymond would have gone down. Seaman Sheehan, barefooted, climbed along the teetering, slippery deck and cut loose the trailing anchor cable. Then the ship righted herself.

Jean Batten Wins Harmon Trophies

CANNES, France (AP)—Clifford Harmon today announced award of the annual international Harmon Trophies for general aviation promotion to Jean Batten, New Zealand woman pilot, who holds the Australia-England air record, and Dick Merrill, United States trans-Atlantic flier.

Miss Batten established her Australia-England record when she landed at Lympne, England, last October 24, five days 18 hours and 15 minutes after leaving Darwin, Australia. Merrill, who has flown the Atlantic four times, completed a round trip crossing with Jack Lambie, May 14, 1937.

Spoken By Wireless

February 16, 8 p.m.—Shipping: PRESIDENT JEFFERSON, Yokohama to Victoria, 189 miles from Victoria. KING NEPTUNE, bound Melbourne, left Port Alberni, 7:30 a.m.

February 17, 12 noon—Weather: Estevan—Overcast; southeast, light; 29.93; 41° sea, choppy. Pichena Point—Overcast; southeast, light; 29.94; 37° sea, smooth. Switowre Lighthouse—Cloudy; east, light; 29.97; 41° sea, choppy. Point Grey—Overcast; east, light; 29.98; 41° sea, choppy. Cape Lazo—Overcast; calm; 29.98; 34° sea, smooth.

DOWN THE GANGWAY

With six passengers, including one woman, Ss. President Jefferson, Capt. John Griffith, of the American Mail Line, made port this morning from ports in the Philippine Islands, China and Japan. She proceeded to Vancouver early this afternoon.

"We had a splendid trip across and nothing out of the ordinary happened," Capt. Griffith said. "The Jefferson had 450 tons of general freight and 34 bags of mail for Victoria. She did not call at Shanghai."

The woman passenger aboard the President Jefferson was Mrs. James Smith of Washington, D.C., wife of a young navy officer who traveled with her. They have been stationed for the last two years in Manila.

Capt. Samuel Yeaton of the United States marines, who was stationed at Shanghai during the recent troubles, was also aboard, en route to Bremerton.

Raymond Hager and Otis Smart, seaport clerks, and Joseph Pearl, buyer of New York City, completed the passenger list.

All came ashore here and walked into town, glad to stretch their legs after 11 days at sea.

Mrs. Melita O'Hara of Seattle, one of the northwest's most widely traveled women, came to Victoria yesterday to say farewell to a party of tourists she organized and which sailed for Australia last night by Ms. Aorangi.

She had intended to go with the party, but at the last minute changed her plans and tomorrow night will take passage by Ss. Princess Norah for Skagway, en route to the interior of Alaska on a lecture tour. She will fly in the north and visit Seward and Fairbanks.

Mrs. O'Hara has visited the Orient, has taken four parties around the world and to South America and Australia. She only recently returned from a visit to the Hawaiian Islands.

She stayed overnight at the Empress Hotel and will proceed to Vancouver this evening.

After a delightful voyage to the South Seas and visits in Australia and New Zealand, Robert Armstrong, well-known boat builder of Victoria, accompanied by Mrs. Armstrong and their daughter, Miss Margaret Armstrong, returned to the city last week aboard Ms. Aorangi.

"Australia is a wonderful country and the people there just can't do enough for you," Mr. Armstrong said. "The people of Sydney are very proud of their harbor and their bridge, and they have a right to be proud of both."

Leaving here in October by the Aorangi the Armstrongs had three weeks in New Zealand and five weeks in Australia. Mrs. Armstrong formerly lived in New Zealand, but had not been there for 27 years. For Mr. Armstrong and their daughter the trip was entirely new and they thoroughly enjoyed every moment.

Coastwise Sailings

VICTORIA-VANCOUVER
Princess Kathleen leaves Victoria for Vancouver daily at 1:30 p.m.; arrives Vancouver, 6:35 p.m.
Princess Margaret leaves Vancouver daily for Victoria at 10:30 a.m.; arrives Victoria, 3:10 p.m.

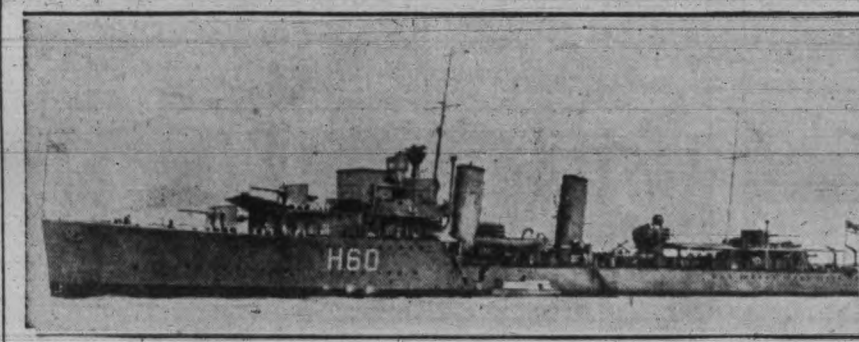

VICTORIA-SEATTLE
Ss. Troquais leaves Seattle daily at midnight; arrives Victoria, 8:35 a.m.; leaves Victoria, 9:15 a.m.; arrives Seattle, 4:30 p.m.
Princess Margaret leaves Seattle daily, 4:30 p.m.; arrives Seattle, 9 p.m.
Princess Kathleen leaves Seattle daily, 9 a.m.; arrives Victoria, 1:15 p.m.

VICTORIA-FORT ANGELES
Ss. Troquais leaves Port Angeles, 9 a.m.; arrives Victoria, 8:35 a.m.; leaves Victoria, 9:15 a.m.; arrives Port Angeles, 10:30 a.m.
SIDNEY-ANACOSTES
Rosario leaves Sidney, 7 p.m.; leaves Anacortes, 8:45 a.m.

SALT SPRING ISLAND
Ms. Cy Peck leaves Swartz Bay daily, except Wednesdays, at 9:30 a.m. and 5 p.m.
Ms. Cy Peck leaves Fulford Harbor daily, except Wednesdays, at 8:15 a.m. and 4 p.m.
BRENTWOOD-HILL BAY
Ms. Cascade leaves Brentwood at 9, 10 and 11 a.m.; 12 noon, 2, 3, 4 and 5 p.m.
Ms. Cascade leaves Hill Bay at 9:30, 10:30 and 11:30 a.m.; 12:30, 2:30, 3:30, 4:30 and 5:30 p.m.

WEST COAST
Ss. Princess Maquinna leaves Victoria at 11 p.m. on 1st, 11th and 21st of each month.
Ss. Princess Elaine leaves Nanaimo daily, except Saturday and Sunday, at 7:45 a.m. and 2:30 p.m.; Saturday only at 7:45 a.m. and 1:15 p.m.; Sunday only at 7:45 a.m. Leaves Vancouver, Sunday only at 11 a.m. and 4:45 p.m.

H.M.S. CRUSADER which has recently been purchased by the Canadian Government for service at Esquimalt. Her sister ship, the Comet, was purchased at the same time.

Communism Denied By Maritime Head

Joseph Curran, Before Senate Committee, Charges Rival Group With Deaths

WASHINGTON (AP)—Joseph Curran, president of the National Maritime Union, charged to the rival International Longshoremen's Union today a share of responsibility for the deaths of 17 members of his union.

Appearing before the United States Senate commerce and labor committee, Curran accused Joseph P. Ryan, president of the rival American Federation of Labor union, "and his subordinates," with participation in the waterfront strike which, Curran said, led to the 17 deaths.

Curran testified 125 members of his C.I.O. Union had been injured in picketing activities since the organization first was formed.

Answering charges previously made before the committee by Ryan, Curran denied he was a Communist. He asserted also there was no truth in Ryan's statements the N.M.U. operated "beef" and "roon" squads designated to "beat up" seamen who resisted their organization efforts.

WASHINGTON (AP)—Joseph Curran, husky leader of the Committee for Industrial Organization Maritime Union, told a United States senate committee today the Communist party had done more for industrial workers "than any of the so-called and self-appointed Liberal agencies existent to date."

Curran appeared before the Senate commerce and labor committee to deny charges of Joseph P. Ryan of the rival American Federation of Labor union, that Curran and other leaders of the C.I.O. national maritime union were Communists.

"I am not a Communist now and I do not believe that I ever intend to be a Communist," Curran told the committee in a bristling statement.

The C.I.O. leader said he believed senators would agree that with "13,000,000 people on relief there is something wrong in the country."

Curran denounced what he termed cries of "red" and "radical" against union leaders "for having the courage to demand decent living and working conditions."

THE WEATHER

VICTORIA, 5 a.m.—Pressure is falling over British Columbia and rain is reported on the northern coast. It remains moderately cold in the Okanagan and Kootenay accompanied by snow flurries. It continues quite cold on the prairie.

Reports
Victoria—Barometer, 30.06; temperature, maximum yesterday 44, minimum 32; wind, 12 miles N.; cloudy.
Vancouver—Barometer, 30.10; temperature, maximum yesterday 44, minimum 30; wind, 4 miles E.; cloudy.

Prince Rupert—Barometer, 29.76; temperature, maximum yesterday 42, minimum 34; wind, 12 miles S.E.; precipitation, 30; cloudy.
Langara—Barometer, 29.67; temperature, maximum yesterday 40, minimum 32; wind, 8 miles E.; precipitation, 36; raining.

Estevan Point—Barometer, 30.02; temperature, maximum yesterday 44, minimum 30; wind, 8 miles S.E.; cloudy.
Fulchow—Temperature, maximum yesterday 44, minimum 30; wind, 24 miles E.; cloudy.

Seattle—Temperature, maximum yesterday 44, minimum 34; wind, 4 miles E.; fair.
Portland, Ore.—Temperature, maximum yesterday 48, minimum 38; wind, 4 miles E.; fair.

San Francisco—Barometer, 30.05; temperature, maximum yesterday 56, minimum 44; wind, 6 miles N.E.; fair.

Forecast
Victoria and Victoria—Moderate to fresh easterly winds shifting to southeast; cloudy and somewhat milder with showers at night.

In this country, only one child in a hundred under ten years old is cared for in an institution, away from its parents.

CANADA SHIPS MANY CATTLE

Scramble For Ship Space As Beef Prices Rise in Great Britain

OTTAWA (CP)—Lower prices for live beef steers in United States markets and relatively higher prices in the United Kingdom have resulted in a scramble for Ocean shipping space by Canadian cattle interests.

The federal department of agriculture says the demand is developing beyond the capacity of the vessels now plying between Canadian and British ports.

For the first six weeks of this year, Canada exported 4,278 head of beef cattle to the United States and approximately 3,700 head to the United Kingdom. Last year for the corresponding period Canada exported 29,069 head to the United States and 198 head to the United Kingdom.

Live cattle exports this year accordingly are more than 20,000 head below the first six weeks of last year, causing a substantial surplus in Canada. Officials here in close touch with the livestock industry estimated at least as many cattle were being prepared for the market this winter as last, particularly in the feed lots of Ontario.

FIVE TRAINMEN KILLED

TRINIDAD, Colo. (AP)—Four trainmen were killed and seven others, including five passengers, were injured when a Colorado and Southern freight and passenger train collided 68 miles south of here, railroad officials reported today.

The accident occurred two miles north of Folsom, N.M., late last night. All those killed were from Trinidad.

At Roe, Ark., the Cotton Belt Railroad's fast "Lone Star" northbound passenger train, ripped into the rear of a southbound freight train today killing one trainman and injuring two others.

Body of Panay Victim Arrives

Remains of Coxswain, Killed Last December, Will Go East For Burial

The body of Edward William George Hulsebus, coxswain of the United States gunboat Panay, who was killed when the little ship was bombed by Japanese in the Yangtze River two months ago, arrived in Victoria this morning aboard Ss. President Jefferson.

After the bombing the body was sent to the U.S. Navy base in the Philippine Islands, where it was embalmed and made ready for the long voyage. At Seattle this evening it will be guarded by sailors from Bremerton and taken there for examination before it is sent east to his family for burial. He enlisted in St. Louis, but his home is in Minnesota.

The President Jefferson also brought another body, that of Edward Frederick Wood, sailor of U.S.S. Augusta, flagship of the U.S. Asiatic Squadron, who died at Shanghai of pneumonia some weeks ago.

Lifeboat Engineer Dead at Alberni

William Godson, for a number of years engineer on the lifeboat stationed at Banfield, on the west coast of Vancouver Island, died last week and was buried at Port Alberni.

Mr. Godson figured in a number of thrilling rescues off the west coast, and on numerous occasions was on the unsinkable little craft when her skipper steered her through boiling winter seas to the aid of some boat ashore on the jagged rocks.

The late Mr. Godson was born in Bridlington, Yorkshire, England, and served in the South African War and again in the Great War with the Royal Flying Corps. He leaves a brother in Australia and a sister in Bridlington.

RECORD FOR C.P.R. LINERS

63,927 Carried on Atlantic Out of All-line Total of 104,002

MONTREAL—"The total number of passengers carried by Canadian Pacific steamships on their Atlantic service during 1937 was more than twice the number carried by any other steamship line to and from Canadian Atlantic ports during the year," H. M. MacCallum, steamship general passenger agent of the Canadian Pacific, said today.

"With less than half the total number of arrivals and departures of ships carrying passengers, Canadian Pacific carried more than 61 per cent of the total number who entered and left the ports of Montreal, Quebec, Halifax and Saint John," Mr. MacCallum declared.

Figures released by the North Atlantic Conference show that with 81 arrivals and 83 departures from Canadian Atlantic ports during 1937 the Canadian Pacific carried 63,927 passengers out of an all-line total of 104,002. Passengers were brought to Canada by eight different steamship lines, with 193 arrivals, and carried from Canada by 10 different lines, with 194 departures, during 1937.

Deep-sea Shipping

He Gets the Answer at Once When He Uses LONG DISTANCE

"I'm a strong booster for the long-distance telephone service because it saves my time. The service nowadays is very fast, and when I want information I can pick up the receiver and ask my questions and get my answers right away. This cuts out a lot of letter writing, and after all, I think most business men would rather talk than write."

BRITISH COLUMBIA TELEPHONE COMPANY
